ESDGC Curriculum

WHERE ARE WE NOW?

(ESDGC, 2019).

In delivering our new transformational curriculum, we will need to focus on the following four key enabling objectives:

- Developing a high-quality education profession.
- Inspirational leaders working collaboratively to raise standards.
- Strong and inclusive schools committed to excellence, equity and well-being.
- Robust assessment, evaluation and accountability arrangements supporting a self-improving system.

Future of ESDGC in Wales

What needs to be developed further?

“The real process of education should be the process of learning to think through the application of real problems.” - John Dewey
(Infed, 2015)

(Welsh Assembly Government, 2019)

ESDGC is not:

- a separate subject.
- a series of discrete concepts or topics.
- confined to the classroom.
- the responsibility of just one teacher in the school.
- about transmitting a set of answers to learners.
