

Galactic Command

LOGLINE

Set at the intersection of the dystopian future where violence and cybernetics are most prevalent, humans have raised gangs of international conglomerates that pry on the poor, taking human bodies to experiment on, however there is one cyborg that wants to free us all, his codename Sceptre G-70

SYNOPSIS

Shanghai isn't your usual destination, unless you want to be rich and live in city of neon, this city is not for the faint of heart.

Skylines as high as the clouds, the rich sit on top of their bloody thrones, turning everyone man and women into a scientific experiment.

However, the back-alleys of the city state is where many who would see their demise live, this is the home of the Synthetics.

The Synthetics only have one charge and that is to bring upon justice to the conglomerates for their revolting practices.

Spectre G-70

MAIN CHARACTER

Torn from his parents at a young age to be used as an experiment, he knew nothing about the real world.

His life was a lie, told of rumors by every kingpin that he was a means to an end, after spending years in incubation a couple of raiders from the back-alley freed Spectre and other humans that was experimented on.

Brought the slums, Spectre had a glimpse of the disaster that happened during his time in Shanghai, he now vows to free his people from the oppressors at any cost.

Valkyrie A-42

MAIN CHARACTER

Valkyrie is a Cyborg that was bred for destruction by the Conglomerates, she holds the citizens of Shanghai at her will.

Dr.Sergai was the person that constructed Valkyrie from an unborn fetus and her organs was replaced with cybernetics, free of the human mortality she would otherwise suffer.

At the age of 17 she learnt how she was born and from her fit of rage she tortured Dr.Sergei, decapitating both of his arms and legs left to die in his own labratory.

PILOT

City of Lights, Shanghai a place where flying scooters, roaring engines of transportation planes and bloody riches, this is where crime is committed and expected.

Bustling voices of people are heard from a mile away, this is no ordinary city, everyone here either has augmented implants or Cybernetic enhancements, there is only greed in this colourful city of the night.

Spectre, a former experiment turned bad was thrown to the side as a failure, left to rot and die in the wastelands he decided to visit his home and the people that betrayed him.

Only to find out that this once civilised city has turned into his greatest nightmare, ridden with politics and intrigue this is his chance to change it for his people, the people of Shanghai.

Spectre walks through an abandoned town where he is met by a swooping eagle, something seemed off but he wasn't exactly sure why that was.

He notices a robotic person flying above the town wearing metallic cybernetic wings, Spectre closes his fists as he flies towards this mysterious woman, with no regard for his own safety.

He engages the cyborg with a right uppercut, causing the cyborg to fly back in agony.

Spectre proceeded to grab her by the collar and whilst pushing her to the ground as he elevates his left arm and swings at her a couple more times to make sure she was no longer a threat to him or his city.

After the Cyborg was knocked unconscious he stood up and there it was, his home, The City of Lights.
