Knowledge and Understanding Skills	15
Feedback	Mark
To score high marks in this section you need to address, team formation, selection process for the scrum leader and other relevant roles, provide details about the GIT repository, and reflect on individual knowledge and understanding of the project. No team work documented. This assignment is not designed to work individually. Git repository link not accessbile. Attending the lectures is very important for a group activity like this.	1.8

Cognitive and Intellectual Skills	15
Feedback	Mark
To score high marks in this section, justify your project selection with clear objectives, provide evidence of project planning, cover future enhancement plans, and include individual reflections on troubleshooting skills and active involvement in finding solutions to problems. Creating a news headlines is a good attempt. However, objectives need to be more specific. Poor evidences of project planning documented. Future enhancement addressed.	2.4

Practical Application Skills	45
Feedback	Mark
To score high marks in this section, include evidence of design, source code, access to GitHub, implementation details, testing methods, successful execution of the application, and provide individual reflections on version control systems, supported by screenshots as evidence. Screenshots of the design/ code/ implementation/ sucessful execution, testing the code etc not documented. Link to github not working to check the code. The report clearly lacks the technical aspects of the project.	2

Transferable Skills for Life and Professional Practice	25
Feedback	Mark
To score high marks in this section, demonstrate a creative approach, showcase effective teamwork, provide evidence of collaborative problem evaluation, include individual reflections on lessons learned from working as a group, and ensure that the report is complete, of high quality, well-presented, and organized with a logical flow of ideas. Lack of team work. Needs more improvement. Working a group task individually needs more effort, knowledge and time.	3.7
