EMPLOYABILITY SKILLS

I want to develop my career in the future by opening my own cosmetic business and invest in actions. By having the opportunity to open your own business and to invest in actions I will need to have a knowledge about what skills I need.

TIME MANAGEMENT

Time management is very important in our days, from my personal experience time management is a very helpful way to do things in a right way

1. Reasons why time management helped me In having a knowledge how to be professional in a easy way for my business:
 - A better professional reputation.
 - Less stress.
 - Greater productivity.
2. When I was not using time management in my programme I was failing to manage my time, examples:
 - Missed deadlines.
 - Poor work quality.
 - Higher stress levels.
