

STUDENT FEEDBACK FORM

David Price

This section details the *extent* to which the assessment criteria are demonstrated by you, which in turn determines your mark. The marks available for each category of skill are shown. Lecturers will use the space provided to comment on the achievement of the task(s), including those areas in which you have performed well and areas that would benefit from development/improvement.

Generic Assessment Criteria	Marks available	Marks awarded
1. Engagement with Literature Skills		
Presentation of a report appraising the use of application software in the development of EUIS Excellent opening discussion, you have reflected well on the term <i>enc</i> and discussed this in detail in the context of this case study. Section 3 in particular demonstrates a sound understanding of the requirements	20	19
2. Knowledge and Understanding Skills		
Demonstrate knowledge of the design principles used, when building a system using MS-Office and VBA that will perform the procedures to analyse data sets You have reflected on your chosen development environment and brought some sound analysis into the discussion. You have considered the <i>functionality</i> and experimented with VBA to add features to the software	20	15
3. Cognitive and Intellectual Skills		
Good interpretation of EUD requirements Your system works well and you have explored the use of MS-Access and implemented some appropriate features. A very good design to the database schema has enhanced the overall <i>functionality</i>. Appropriate use of VBA has added a professional feel to the system with the addition of mail merge making the <i>enc</i> functionality work well	30	24

4. Practical Application Skills
