REMINDER

- The main idea is the overall message of the whole text.
- A key point helps to explain the main idea.
- A specific detail or example from the text shows that the key point is true.

1. What is the main idea of the whole text?

The main idea is about the local shop are important in the community area.

2. What is one key point that supports the main idea, and which specific example from the text shows this? Local shop give something unique benefits to the community because while shop in local shop we can meet or have a little chat with our neighbours or friends.

3. What is a different key point that supports the main idea, and which specific example from the text shows this? Local shop face strong competition and financial difficulties. Example they have a bit struggle against large supermarket and online services.

4. Which part of the text do you think is most important, and why? Most important part is the balance between community value and their challenges and why: it helps us understand that local shop are worth supporting and they do something special in our community area.

Reflection:

- 5. What did you find difficult in this task (including in-class components), and why was it difficult? I found it difficult at first to tell the difference between the main idea the key point and the examples and why is difficult because i'm not sure which information to put in my mind map.**

- 6. What helped you with this difficulty, and how did it help you? By doing the mind map help me understand. To put main idea in the centre and the key and examples as details. It help me see all information from key point and examples connected to one mind map.**
