Turner’s sketch books, You can go to the Tate in London, book a date and go and handle his sketch books and watercolours.

Constable carried a very tiny sketch book with him. He also sketched sky studies in colour on board in oil.

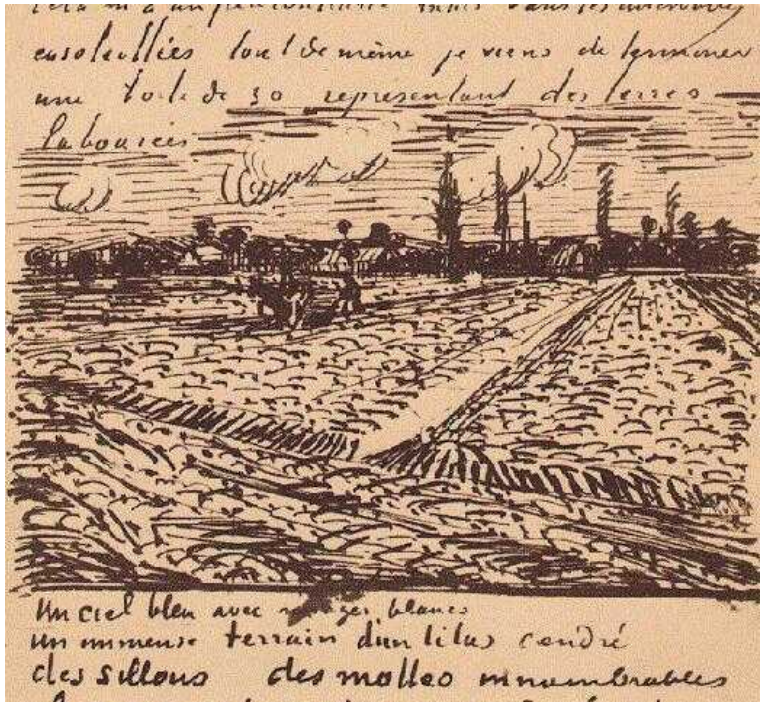

I heard Roulin had a beautiful head at the Salon.
I have been to the seaside for a week and very likely am going there again soon.- That shore - fine figures there like Cimabue - straight stylish Am working at a Sower.

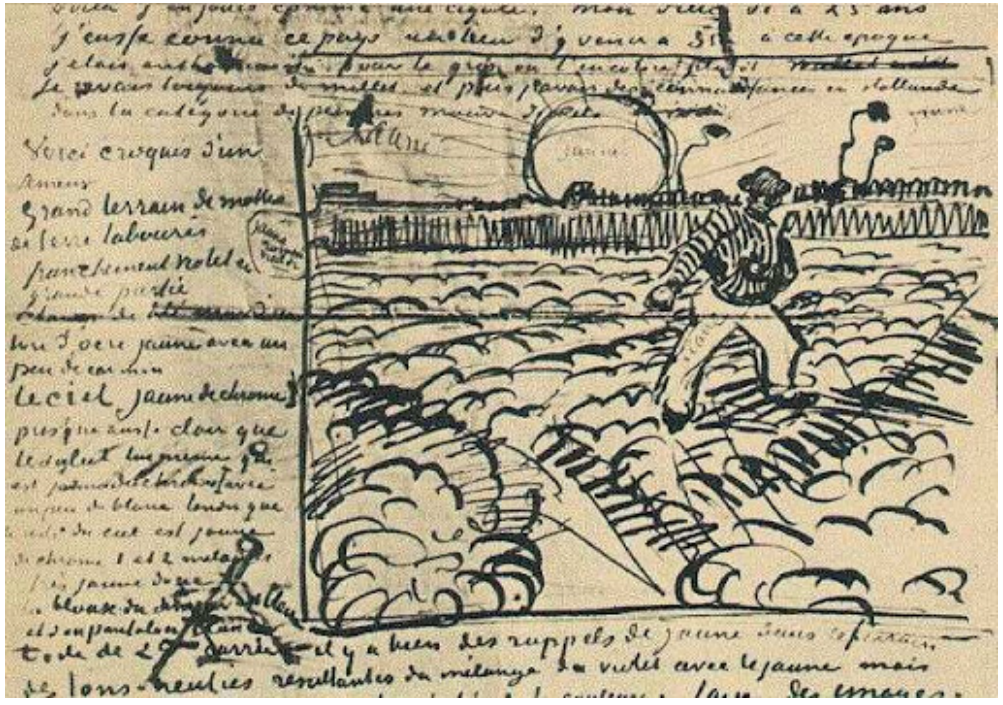

The great field all violet. The sky sun very yellow. It's a hard subject to treat.
Please remember me very kindly to Mrs Russell - and in thought I heartily shake hands.

My dear [redacted] for ever so long I have been wanting to write to you - but then the work has so taken me up. We have harvest time here at present and I am always in the fields.
And when I sit down to write I am so absorbed by recollections of what I have seen that I leave the letter. For instance at the present occasion I was writing to you and going to say something about Arles as it is - and as it was in the old days of Boccaccio. -
Well instead of continuing the letter I began to draw on the very paper the head of a dirty little girl I saw this afternoon whilst I was painting a view of the river with a greenish yellow sky.
This dirty "mud lark" I thought yet had a vague Florentine sort of figure like the heads in the Monticelli pictures. and reasoning and drawing this wise I worked on the letter

Lieve Marianne, 16 Oct. 1942 Vrijdag.

gisteren is het schrijven er weer bij ingeschoten. Ten eerste omdat ik de lijst van Franse werkwoorden wilde afmaken en ten tweede Omdat ik ook nog ander werk had. Ik heb weer 2 boeken van Kleiman gekregen, De Arcadia. Dat handelt over een reis naar Spits-

Vader wil dat ik nu ook Hebbel en andere boeken van andere welbekende Duitse schrijvers ga lezen. Het Duits lezen, gaat nu al betrekkelijk vlot. Alleen fluister ik het meestal in plaats dat ik voor mezelf lees. Maar dat gaat wel over. Gisteren heb

Dit is een foto, zoals ik me zou wensen, altijd zo te zijn. Dan had ik nog wel een kans om naar Hollywood te komen. Maar tegenwoordig zie ik er jammergenoeg meestal anders uit.

The rest of the slides show different artist/illustrators work. I have not named them as there are so many. What I want you to do is research sketchbooks/visual diaries yourselves and identify the ones that interest you personally. There are so many exciting sketchbooks and visual diaries to discover.
