

PRESENTATION STRUCTURE

PARETO ANALYSIS

- Pareto analysis, is a premised on the idea that 80% of a project benefit can be achieve by doing 20% of the work—or, conversely, 80% of problems can be traced to 20% of the causes
- Pareto analysis is a powerful quality and decision-making tool
- SOURCE: W.K, Investopedia.com

THE EINSENHOVER METHOD

- Is a task management tool that helps you organize and prioritize task by urgency and importance

PERSONAL DEVELOP PLAN

If I can commit to personal growth so that i can strengthen my weaknesses, it can make me a more well-rounded individual and more diligent worker

This can have effect on my career

To be clear, working on strengthening my weaknesses, doesn't mean I am pursuing perfection

CONCLUSION

LEARNING DIFFERENT SKILLS EITHER
ACADEMIC OR PROFESSIONAL IS
VITAL TO ANY PERSON IN ACADEMIC
LIFE
