IS THERE A NEED TO PROVIDE TRAINING ON HOW TO USE TECHNOLOGY TO COLLABORATE AT UWTSD

- In our presentation we are going to present a power point on is there a need to provide training on technology . Over the decades technology has become advance so much that we use it in our everyday life's. We use technology to study, work and communicate so it is vital we know how to use technology correctly.

-
- I think there is a need to provide training for technology skills in universities because without the technology training you would not understand the importance of technology within the educational system and this can lead to anxiety or stress (czaja, 2006)

-
- Another reason there is a need to provide technology training, it can improve student learning and benefit them throughout their education.(McKnight, 2016)

MY QUANTITATIVE RESEARCH METHOD.

WE WILL BE USING AN ANONYMOUS QUESTIONNAIRE TO ASK THE STUDENTS OF UWTSD AND TO SEE IF THEY THINK PROVIDING TRAINING FOR TECHNOLOGY IS IMPORTANT IN OUR UNIVERSITY.

WEEKS 1-2: WE CREATED OUR PROPOSAL PRESENTATION.

WEEK 3: WE CREATE OUR QUESTIONNAIRE AND BEGAN OUR RESEARCH.

WEEK 4: WE WILL PRESENT OUR PRESENTATION

WEEK 5: WE WILL BEGIN OUR INDIVIDUAL REPORT, BASED ON THE RESEARCH THAT WE HAVE FOUND.

THIS IS OUR WEEK 3 QUESTIONNAIRE

Here's is a link to our forms. We will send out this link in one weeks about gather responses.
