

APPLICATION FOR ETHICAL APPROVAL

RESEARCH STUDENTS

This form is to be completed by the student within **SIX** months for full-time students and **TWELVE** months for part time students, after the commencement of the research degree or following progression to Part Two of your course.

Once complete, submit this form via the **MyTSD Doctoral College Portal** at (<https://mytsd.uwtsd.ac.uk>).

This document is also available in Welsh.

RESEARCH STAFF ONLY

All communications relating to this application during its processing must be in writing and emailed to pgresearch@uwtsd.ac.uk, with the title 'Ethical Approval' followed by your name.

STUDENTS ON UNDERGRADUATE OR TAUGHT MASTERS PROGRAMMES should submit this form (and receive the outcome) via systems explained to you by the supervisor/module leader.

In order for research to result in benefit and minimise risk of harm, it must be conducted ethically. A researcher may not be covered by the University's insurance if ethical approval has not been obtained prior to commencement.

The University follows the OECD Frascati manual definition of **research activity**: "creative work undertaken on a systematic basis in order to increase the stock of knowledge, including knowledge of man, culture and society, and the use of this stock of knowledge to devise new applications". As such this covers activities undertaken by members of staff, postgraduate research students, and both taught postgraduate and undergraduate students working on dissertations/projects.

The individual undertaking the research activity is known as the "principal researcher".

Ethical approval is not required for routine audits, performance reviews, quality assurance studies, testing within normal educational requirements, and literary or artistic criticism.

Please read the notes for guidance before completing ALL sections of the form.

This form must be completed and approved prior to undertaking any research activity. Please see Checklist for details of process for different categories of application.

SECTION A: About You (Principal Researcher)

SECTION H: Anticipated Risks

	Risk of being overheard or seen Risk of accusation of harm or impropriety Emotional distress <i>(this box should expand as you type)</i>	The researcher will use a booked silent and private room where the researcher's questions cannot be seen or copied by any third party. The researcher will speak directly to the participant without using any device speakers to make sure that no one is overheard. To mitigate the risk of accusation of harm, the researcher will record interviews and add quotations of participants in the research findings to ensure that there is documentation of everything that transpires during the interview. The researcher will make sure that they adhere to all the rules, guidelines and ethics by following the right procedures when interviewing the participant. The researcher will also adhere to academic guidelines such as being aware of plagiarism. To mitigate this risk, the researcher will ensure that all the questions used for the interview do not relate to any emotional harm, trauma or any unfair human experiences <i>(this box should expand as you type)</i>		
5	University/institutional risks For example: adverse publicity, financial loss, data protection			
	Risk to the University: Reputational risk Privacy and confidentiality <i>(this box should expand as you type)</i>	How you will mitigate the risk to the University: To mitigate the risk, the researcher will ensure that they follow the strict guidelines and rules of the university throughout the research process. The researcher will also be as honest as possible and take into the considerations and all the ethical principles which guide the research. To mitigate this risk, the researcher will anonymise and securely store data which could lead to any breach of the participant privacy or identity. <i>(this box should expand as you type)</i>		
6	Environmental risks For example: accidental spillage of pollutants, damage to local ecosystems			
	Risk to the environment: General waste <i>(this box should expand as you type)</i>	How you will mitigate the risk to environment: To mitigate this risk, the researcher will send out the questions to the participants via email to minimise general wastage of paper. The interviews will also be recorded electronically to ensure wastage of paper. <i>(this box should expand as you type)</i>		
Disclosure and Barring Service				
	If the research activity involves children or vulnerable adults, a Disclosure and Barring Service (DBS) certificate must be obtained before any contact with such participants.	YES	NO	N/A

	<i>such as a name, an identification number, location data, an online identifier or to one or more factors specific to the physical, physiological, genetic, mental, economic, cultural or social identity of that natural person. Any video or audio recordings of participants is considered to be personal data.</i>		
	If YES, provide a description of the data and explain why this data needs to be collected:		
2	<i>(this box should expand as you type)</i>		
	Does it involve special category data (as defined by the GDPR)?	YES	NO
3	"Special category data" means sensitive personal data consisting of information as to the data subjects' – (a) racial or ethnic origin, (b) political opinions, (c) religious beliefs or other beliefs of a similar nature, (d) membership of a trade union (within the meaning of the Trade Union and Labour Relations (Consolidation) Act 1992), (e) physical or mental health or condition, (f) sexual life, (g) genetics, (h) biometric data (as used for ID purposes),	☐	☒
	If YES, provide a description of the special category data and explain why this data needs to be collected:		
4	<i>(this box should expand as you type)</i>		

	Will data from the research activity (collected data, drafts of the thesis, or materials for publication) be stored in any of the following ways?	YES	NO
5	Manual files (i.e. in paper form)?	☒	☐
6	University computers?	☐	☒
7	Private company computers?	☐	☒
8	Home or other personal computers?	☒	☐
9	Laptop computers/ CDs/ Portable disk-drives/ memory sticks?	☐	☒
10	"Cloud" storage or websites?	☐	☒
11	Other – specify:	☐	☒
12	For all stored data, explain the measures in place to ensure the security of the data collected, data confidentiality, including details of backup procedures, password protection, encryption, anonymisation and pseudonymisation:		
	<i>(this box should expand as you type)</i>		

	Data Protection		
	Will the research activity involve any of the following activities:	YES	NO
13	Electronic transfer of data in any form?	☒	☐
14	Sharing of data with others at the University outside of the immediate research team?	☐	☒
15	Sharing of data with other organisations?	☐	☒
