

Reflective Log assessment
Research Methods I

Note: You can choose how many studies you discuss in your reflective log, but it is recommended to discuss three studies at a minimum (including ONE online study, only).

Word limit: 500 words

Study One	Study Code:
What type of study was this? Lab-based study ☒ Online study ☐ Qualitative study (interview/focus group) ☐	
1. Was the BPS code of Human Research Ethics followed? (E.g. was informed consent gained? Were you aware of your right to withdraw? Was confidentiality upheld?)	
Yes ☒ No ☐	
Describe how ethical guidelines were followed? Or not, if you believe they were not followed? (including reference to appropriate ethical guidelines where required)	
2. Briefly describe/outline the study you participated in (What were you asked to do? Did you understand the purpose before/during the study?)	
3. Briefly describe your experience of taking part in this research study (positive aspects/issues that may have impacted your participation)	

4. How were you fully debriefed after completing the study? Were you given opportunity to discuss with the researcher after completion?

5. Are there any areas of improvement for this research study?
(think about the materials used in the study and how the researcher carried out the study)

6. Is there anything you would like to add in regards to this research study?

Study Two	Study Code:
What type of study was this? Lab-based study ☐ Online study ☐ Qualitative study (interview/focus group) ☐	
1. Was the BPS code of Human Research Ethics followed? (E.g. was informed consent gained? Were you aware of your right to withdraw? Was confidentiality upheld?)	
Yes ☐ No ☐	
Describe how ethical guidelines were followed? Or not, if you believe they were not followed? (including reference to appropriate ethical guidelines where required)	
2. Briefly describe/outline the study you participated in (What were you asked to do? Did you understand the purpose before/during the study?)	
3. Briefly describe your experience of taking part in this research study (positive aspects/issues that may have impacted your participation)	

4. How were you fully debriefed after completing the study? Were you given opportunity to discuss with the researcher after completion?

5. Are there any areas of improvement for this research study?
(think about the materials used in the study and how the researcher carried out the study)

6. Is there anything you would like to add in regards to this research study?

Study Three	Study Code:
What type of study was this? Lab-based study ☐ Online study ☐ Qualitative study (interview/focus group) ☐	
1. Was the BPS code of Human Research Ethics followed? (E.g. was informed consent gained? Were you aware of your right to withdraw? Was confidentiality upheld?)	
Yes ☐ No ☐	
Describe how ethical guidelines were followed? Or not, if you believe they were not followed? (including reference to appropriate ethical guidelines where required)	
2. Briefly describe/outline the study you participated in (What were you asked to do? Did you understand the purpose before/during the study?)	
3. Briefly describe your experience of taking part in this research study (positive aspects/issues that may have impacted your participation)	

4. How were you fully debriefed after completing the study? Were you given opportunity to discuss with the researcher after completion?

5. Are there any areas of improvement for this research study?
(think about the materials used in the study and how the researcher carried out the study)

6. Is there anything you would like to add in regards to this research study?

Study Four	Study Code:
What type of study was this? Lab-based study ☐ Online study ☐ Qualitative study (interview/focus group) ☐	
1. Was the BPS code of Human Research Ethics followed? (E.g. was informed consent gained? Were you aware of your right to withdraw? Was confidentiality upheld?)	
Yes ☐ No ☐	
Describe how ethical guidelines were followed? Or not, if you believe they were not followed? (including reference to appropriate ethical guidelines where required)	
2. Briefly describe/outline the study you participated in (What were you asked to do? Did you understand the purpose before/during the study?)	
3. Briefly describe your experience of taking part in this research study (positive aspects/issues that may have impacted your participation)
