

Lil Nas X:

BEATS!! Looking for versatile, experienced urban/pop songwriters that have an amazing rapport with artists. Producers would have to be able to make Nas feel comfortable in the room (once quarantine is over) so they can get the best out of him. Looking for unique sounds with lots of energy (can have pop appeal). We need another big mainstream song. This is a MASSIVE priority.

Powfu:

Influences ranging from XXXtentacion to Blink 182. Needs lo-fi. hip-hop, alternative beats and is open to hook ideas as well.

Notes:

A warm and sweet electro pop song with light but groovy beats.

Artist biography:

Tifa Chen has a sweet, cheerful and pure personality, but is also badass and cool when she raps and dances. Although she doesn't have a big fan base at the moment, she is called a "treasure girl" by people. We all look forward to her future development!
