ABOUT

Born in Stockholm, Gamble is an enigmatic singer/songwriter with a passion for melodies and meaningful lyrics. After feeling disillusioned with his study of taxidermy at the University of Stockholm, Gamble went on a 3-month retreat to a private log-cabin in the far north of Sweden. During his time there he fell back in love with his passion for music and underwent what he describes as a musical epiphany. It was on this retreat that Gamble created his debut single "Call Me Again" whilst collaborating remotely with UK Producer and Boon records employee Devine-King. Now that Gamble has moved to London he aims to take over the singer/songwriting scene one cigarette at a time.
