PERSONAL DEVELOPMENT PLAN

By Joseph Lee, 2405184

NAME:	Joseph Lee	STUDENT NUMBER:	2405184
COVERING THE PERIOD FROM:	November 2024	TO:	November 2025

This record sheet is for your guidance only – you may present your development plan in any other format.

Planned outcome

Where do I want to be by the end of this period? What do I want to be doing? (This may be evolutionary or “more of the same”.)

What do I want/need to learn or develop? (Specific & Relevant)	What will I do to achieve this? (Specific)	What resources or support will I need? (Achievable)	What will my success criteria be? (Measurable)	Target dates for review and completion (Timebound)
Learn / Develop shading skills (Digital Art)	Search for YouTube tutorials that will point me in the right direction, then practice using those tutorials	No further resources. However, may possibly want feedback from my tutor	Determining a success criteria is difficult, but as long as my shading looks better / more realistic by the end, then it will be considered successful	Nov. 2025 (tested regularly on monthly intervals)
Develop lighting / glow effect skills (Digital Art)	Find YouTube tutorials for the specific art software I use, (Ibis Paint X) because different art software have different ways of doing effects	No further resources. However, may possibly want feedback from my tutor	Success criteria will be based on how much of a contrast I can bring to the art piece with the shine / light / glow compared to the rest of the image	Nov. 2025 (tested regularly on bi-monthly intervals)
Develop ability to draw more realistic hair and eyes (Digital Art)	Find YouTube tutorials / research for online tutorials	No further resources or support needed	Success criteria would be to ensure that by the target date I can draw hair realistically, or more realistically than before.	Nov. 2025 (tested frequently, every 2 weeks or so)

J.L. Personal Development Plan

GRADEMARK REPORT

FINAL GRADE

68/100

GENERAL COMMENTS

Thanks for this Joe. A very clear breakdown of your plan for personal and professional improvement over the course of the next year. There is a good identification of areas for improvement. It would have been good to see perhaps some further references/IEEE used.
