

MODULE REVIEW MODULE TUTOR - REPORT FORM

The review of a module is carried out initially by the Module Tutor. When the module review is completed, its findings are considered by the Head of School or Programme Director and noted at the School's Annual Programme Review. Module feedback and what changes will be made as a result of the feedback given are also discussed at Staff Student Consultative meetings. This form is not compulsory but is provided to support the module review process.

Tutor Self-Reflection

How will any changes made to the module as a result of feedback be communicated to all the students that took this module?

Will continue to encourage students to follow their time plans in order to have the time required to complete the sections as the seems to be a recurring issue.
