Introduction

- ▶ Employability skills can be a tool for addressing organisational issues and encouraging a person to collaborate with others.
- ▶ In multiple departments as well as apart from the classroom, academic skills can help a person to have faith and can develop their engagement skills.

Academic and Employability skills

- ▶ Some core skills that can include outstanding paraphrasing skill, summarizing, reflective writing interpreting skills and rational reasoning can be described as academic abilities.
- ▶ Academic skills can improve a person's understanding and reasoning.

Academic and Employability skills

- Skills for employability can be described as exchangeable skills that are important to the career progression of a person.
- The capacity to comprehend a situation by formalizing it into manageable size and concentrating on the primary challenges, such as problem-solving skills.

Importance of skills

- ▶ It is necessary for a learner not only to read or write, but also to attend conferences, webinars, presentations, and workshops.
- ▶ Skills will enable a student's understanding process and give them exposure on the road to victory.

Analysis of different skills (SWOT)

Strengths • I have good listening skills. • I have good interpersonal skills which help me in making a good network. • I have a good problem solving skill.	Weaknesses • I have weak verbal communication skills. • My teamwork skills are low.
Opportunities • I can use my college to develop the weak skills. • I have chance to explore different avenues of my career choices.	Threats • Many individuals are in the job market looking for same job.

Analysis of skills (PDP)

Priority	Skills	Present ability	Target	Development opportunities	Time required
1	Verbal Communication skills	Weak	To develop a fluency in my communication	Interacting with people from different background and on different topic.	3 months
2	Teamwork skills	Weak	To develop the team working skills so that I can perform my role in a team in a better way.	Performing all the roles that a team requires based on Belbin's theory.	2 months

Conclusion

- ▶ Skills help students to achieve their academic goals by performing well in their academics.
- ▶ Employability skills can be developed in college which will make students ready for the professional life.
