

Macro and Close up Photography

Geraint Radford

A little bit about me...

OLYMPUS

GERAINT RADFORD

OLYMPUS AMBASSADOR

Geraint is a professional wildlife macro photographer and tutor, an insect's best friend, vegan and cake addict.

Growing up in the beautiful Welsh valleys his days were often spent with his younger brother exploring the outdoors and searching for bugs, slow worms and other mini beasts. This is where he found his deep love and appreciation of nature and wildlife. Geraint uses the OM-D E-M1 Mark II combined with the Olympus 60mm macro and an Olympus STF-8 flash.
