

Travel the Egyptian Bronze Age – Time-travel-game

All readings are in Shaw, I. 2000 (paperback edition, see MOODLE). *The Oxford History of Ancient Egypt*. Oxford: Oxford University Press.

→ if you use another edition, please check the appropriate pages for your chapter

How to play:

You can sign yourself into a chapter of your choice. Read and prepare the chapter. On game day, you will come together in your group which is your time-travel-agency and prepare an advertisement for your time. Make clear to the audience, why your time period is the best to travel to.

After all teams presented on their product (i.e. time period), the audience will get to vote on the period they would like to travel to. The winner with the most travellers will get IT (to be revealed) all...

Points to raise in your advert: (you know competitors equality law...)

1. Where (centres, capital etc.) and when are you travelling?
2. What slogan could you find for this time (time of change, renaissance, decline, empire, revolution... → be more creative than I am 😊)
3. What would be interesting to visit? What would the time-traveller see, experience, take part in?
4. Why?
5. Why do the time-travellers should urgently go there?
6. How are travel and accommodation?

Please, **sign in here** for your chapter to read in advance...

Author	Chapter title	pp.	Sign-in
Bard, K.	The emergence of the Egyptian State	57-82	
Malek, J.	The Old Kingdom	83-107
