### Feedback from past summer camps

*Freya Fenwick:*

*The Summer School at Beijing Union University has been one of the greatest educational opportunities I have ever received, with many great moments and great challenges along the way. My knowledge has been developed through many different ways!*

*Connor Heath:*

*The trip has been filled with amazing experiences and unforgettable memories, but some will continue to stand out above others, the first being the Great Wall! It truly is breathtaking, after only seeing pictures and videos, visiting it in person is completely surreal, the feeling of accomplishment after climbing up is unmatched.*

*Ben Williams:*

*Perhaps one of the best experiences involved in this Summer School were the survival Chinese lessons that we took part in back in Swansea. Not only did they help us gain a better understanding of the Chinese language, preparing us to come on this trip but they also addressed any misconceptions we'd previously had about China.*
