Comments:

This is an incredibly interesting & well presented essay that presents a sophisticated analysis of the issues & there is an obvious individuality apparent in your treatment of the essay question. You present your arguments clearly & comprehensively and in a way that reveals a nuanced understanding of the topic. In terms of improvement, I think it would be beneficial if, next time you take a similar approach, you draw more on other authors to support your arguments here & there, where necessary, although I realise that sometimes this is not possible where independent thought is being presented. Had you had more words, there may also be scope for further evaluation & counter-claims. But, overall, this is an excellent essay.
