Any Questions?

- We will return to the Assignments in Monday Tutorial in Weeks 2, 3 & 4 if necessary.
- You can also ask questions in the Module Forum on Moodle
- However, are there any immediate questions regarding the Assignments?

Key Concepts

- As is clear from the Module title there are three key concepts central to this Module
- However, they are so often used that we tend to take them for granted
- Therefore, it is important that we focus on the meaning of these concepts in relation to our field of study
- You will now look each of these in preparation for our next Lecture

Our Personal Work Values

- As we will see in this Module, an individual's attitude to work is an important aspect of the sociology of work.
- It will also play an important role in Module ECGE6002Q Skills for Life: Employability and Future Pathways next year
- Therefore, please complete the 'Self Assessment Questionnaire; Personal Work Values' that you can find in the Additional Materials section of this Theme on Moodle
