1. Landscape & Grounds Maintenance

- Carry out daily litter picking across the estate to maintain a clean environment.
- Maintain planting areas, lawns, trees, and shrubs to a high horticultural standard.
- Undertake seasonal planting, pruning, and soil care activities.
- Manage irrigation systems and monitor plant health to ensure optimal growth.
- Maintain riverbank vegetation to prevent overgrowth and minimise erosion risks.
- Operate and maintain gardening tools and machinery safely and effectively.
- Identify pests, diseases, and nutrient deficiencies and take appropriate corrective action.
- Ensure all external areas are kept free of litter, weeds, and hazards.
- Support biodiversity and implement sustainable gardening practices.
- Ensure all activities comply with health and safety requirements, particularly when working near water or in public areas.

1. System Management

- Monitor the system to ensure assigned works are completed and all relevant documentation is uploaded.
- Log and respond to resident issues promptly and professionally through the system.

1. Health & Safety Management

- Contribute to maintaining a safe, clean, and secure environment across the estate.

PMR Recruitment

South Croydon, Surrey

Subject: Application for Landscaper / Gardener – Luxury Residential Estate

Dear Hiring Manager,

I am writing to formally apply for the Landscaper/Gardener position advertised on reed.co.uk, based at your client's luxury residential estate in South Croydon. With proven hands-on experience in grounds maintenance, horticulture and environmental care, I am confident I can meet and exceed the high standards this role requires.

Throughout my career, I have built strong expertise in all core duties outlined in your job description:

- I maintain lawns, planting areas, trees and shrubs to professional standards, with full knowledge of pruning, seasonal planting, soil care and irrigation management.
- I am fully trained and experienced operating mowers, strimmer's, hedge cutters and other landscaping machinery safely and effectively.

- I have specific experience managing riverbank and waterside vegetation to control growth and reduce erosion risks, as well as identifying pests, diseases and nutrient issues to take timely corrective action.
- I always prioritise health and safety: I follow all procedures, report hazards, incidents and near-misses accurately, and keep full compliance with industry regulations.
- I am committed to sustainable gardening and boosting biodiversity, and ensure all work meets environmental best practice – especially when working near water or public areas.
- I am organised and reliable with task tracking, system updates and clear communication with managers and residents.

I am eager to bring my attention to detail, practical skills and safety focus to your estate team, and deliver consistent high-quality work as directed by the Estate Manager. I am available for interview at your earliest convenience.

Thank you for considering my application.

Yours faithfully,

Devon Wilson
