

Building a Photo Story

Photo Story

A series of images that when viewed in order, help to build a narrative and visual dialogue.

Example

“Autumn Poetry” by Alexandre Deschaumes

Write down a few ideas about what information can we get from the following pictures?

Time of day, time of year, sense of feeling?

The pictures are in order and give a sense of time passing but there is no flow to the narrative.

Alexandre Dargaud

What do the pictures have in common?

Consistency

Aesthetic

Quality

Order of images = Narrative
