

Academic and employability skills

Student Name: Janete Balde

Student ID Number: 2311049

Module Code: LCHS4001

Module: Academic And
Employability Skills

Researching Topic Of support worker

For task2 , I researched the role of support worker . I used reliable websites and my course materials to find information about the duties , skills, qualifications , and responsibilities of support workers .

I made notes and organized the information before preparing my presentation.

Reflective Activity Task:2

Presenting

- ▶ I presented my work in video . I explained what a support worker does, why I chose this job role, to speak clearly and confidently and organized my presentation with introduction , main my points, and a conclusion.

Challenges I Face

- ▶ One challenges was feeling nervous while recording the video .I also found it difficult to organize all my research into a short presentation. At times, I was unsure which information was the most important to include.

Actions To Improve

- ▶ To improve, I will practice speaking more often to build my confidence .I will prepare cue cards and rehearse my presentation before recording. I will also continue improving my research skills by using reliable sources and taking clear notes.

Further Steps To Prepare For Task3

- ▶ To prepare for task3 , I will research more deeply, organize my information into a clear structure, and practice presenting several times. I will ask my lecturer and classmates for feedback so I can improve my presentation skills and deliver my work more confidently.
