Assignment 2 Report workshop

1

Introduction

- Written report of 2,000 words (+/- 10%) in a word document
- Focus on a mental health disorder from ICD-11 chapter 6
- Must be different from the one you worked on for your poster presentation, preferably from a different category
- 18 November by 2 pm on Turnitin

2

2

“

Critical Examination of the condition

- Classification, diagnosis
- Treatment, and rehabilitation process

Current debates and emerging issues

- Debates surrounding classification and treatment of the classification
- Critically assess the role of neurodivergence and any relevant reclassification issues
- Consider the impact of these debates on practice and policy

Recommendations

- Well-reasoned recommendations for improving the classification, diagnosis, treatment or rehabilitation of the selected condition
- Consider the implications of these recommendations for practice, policy and further research

How your report will be assessed

Knowledge and Understanding Skills

a comprehensive understanding of the classification, diagnosis, treatment, and rehabilitation measures related to your chosen mental health disorder as outlined in ICD-11.

Cognitive and Intellectual Skills

- *Discussion of the ongoing debates surrounding the classification and treatment of the chosen mental health disorder.*
- *Critical assessment of the role of neurodivergence and any relevant reclassification issues.*
- *Evaluation of the impact of these debates on practice and policy.*

Practical Skills

- *Knowledge of the application of treatments for the mental health disorder you have chosen.*
- *Examination of the rehabilitation measures included in ICD-11 and in practice.*
- *Assessment of the effectiveness and limitations of these approaches.*
- *Presentation of well-reasoned recommendations for improving the classification, diagnosis, treatment, or rehabilitation of the mental health disorder.*

5

How your report will be assessed

Engagement with Literature Skills

- *Strong engagement with recent academic literature by including a minimum of 12 credible and reliable references in your report.*
- *References appropriately cited within the text and listed in the reference list. It is essential that you use the ICD-11 within your work, as guided in your lectures.*
- *Consistent and accurate application of the Harvard referencing style correctly for both in-text citations and in the reference list,*

Transferable Skills for Life and Professional Practice

- *Report should be coherent and well-structured, ensuring that the content is logically organised and presented in a clear and professional manner.*
- *Information, arguments, and analysis should be effectively communicated, suitable for both specialist and non-specialist audiences.*
- *The assignment should not carefully proofread to avoid any phrasing, grammatical, or spelling errors.*
