

" The use and management of the body as a mechanism for the construction and management of identity".

Moore, H.L.1999

" Bodies are the site where subjects are morphologically and socially constructed, they mark the intersection of the social and the symbolic; each subject's relation with his or her body is both material and imaginary".

Moore,H.L.1999

"Sex, gender and sexuality are the product of a set of interactions with material and symbolic conditions mediated through language and representation".

Moore,H.L.1999

Subculture

The way of life, customs, and ideas of a particular group of people within a society that is different from the rest of society

"An independent organism outside the larger social, political and economic context"

(Hebdige 1991)

" This aspect also attracts the attention of censorship, which subsequently acts against such individuals, who express themselves in a way that may be considered as rather divergent from the conventions of normality."

Hebdige 1991
