Grade conversion

The assessment of your work will take into account the academic LEVEL of your overseas courses. An A+ mark on a sophomore level course is not the same as an A+ mark on a senior level course. The academic levels of your courses will be considered in your assessment so that your work can be assessed in line with the academic demands of the UWTSD module on which you are enrolled. In brief, if you take a *lower* level course overseas, receive an A+ mark, do not think that it automatically equates to a Level 6 Top Excellent at UWTSD.

Example

North America - UK Grade conversion

The following conversion table will be used to convert the marks you gain in the USA so that they are consistent with those used at UWTSD:

UK Class	UK	US Grade	US GPA
First	70+	A	4.0
