And your contribution is valuable – if you have a question
– ask it!

Any questions? 😊

I have a question for you

Entrepreneurship & Enterprise for Design Professionals

What will we be covering during this module?

Do you all want a successful career in your chosen industries?

Whatever career you want to pursue, one thing remains constant – it is a business!

Entrepreneurship & Enterprise for Design Professionals

What is assessed in the module?

You will be working in small groups to research and develop a business idea.

This idea can be linked to your chosen industry, or something else – that is for you to decide as a group.

Entrepreneurship & Enterprise for Design Professionals

What is assessed in the module?

You will be encouraged to work in mixed groups, with students from other courses!

Why do you think we want you to do that?

Entrepreneurship & Enterprise for Design Professionals

What do you want to get out of this module?

The module is designed to help you in your careers after university.

You may not want to run your own business – but the lessons learnt here will be relevant wherever your careers lead you!

And your contribution is valuable – if you have a question – ask it!

Entrepreneurship & Enterprise for Design Professionals

So let's get into groups!
