MENTAL HEALTH

Support Worker

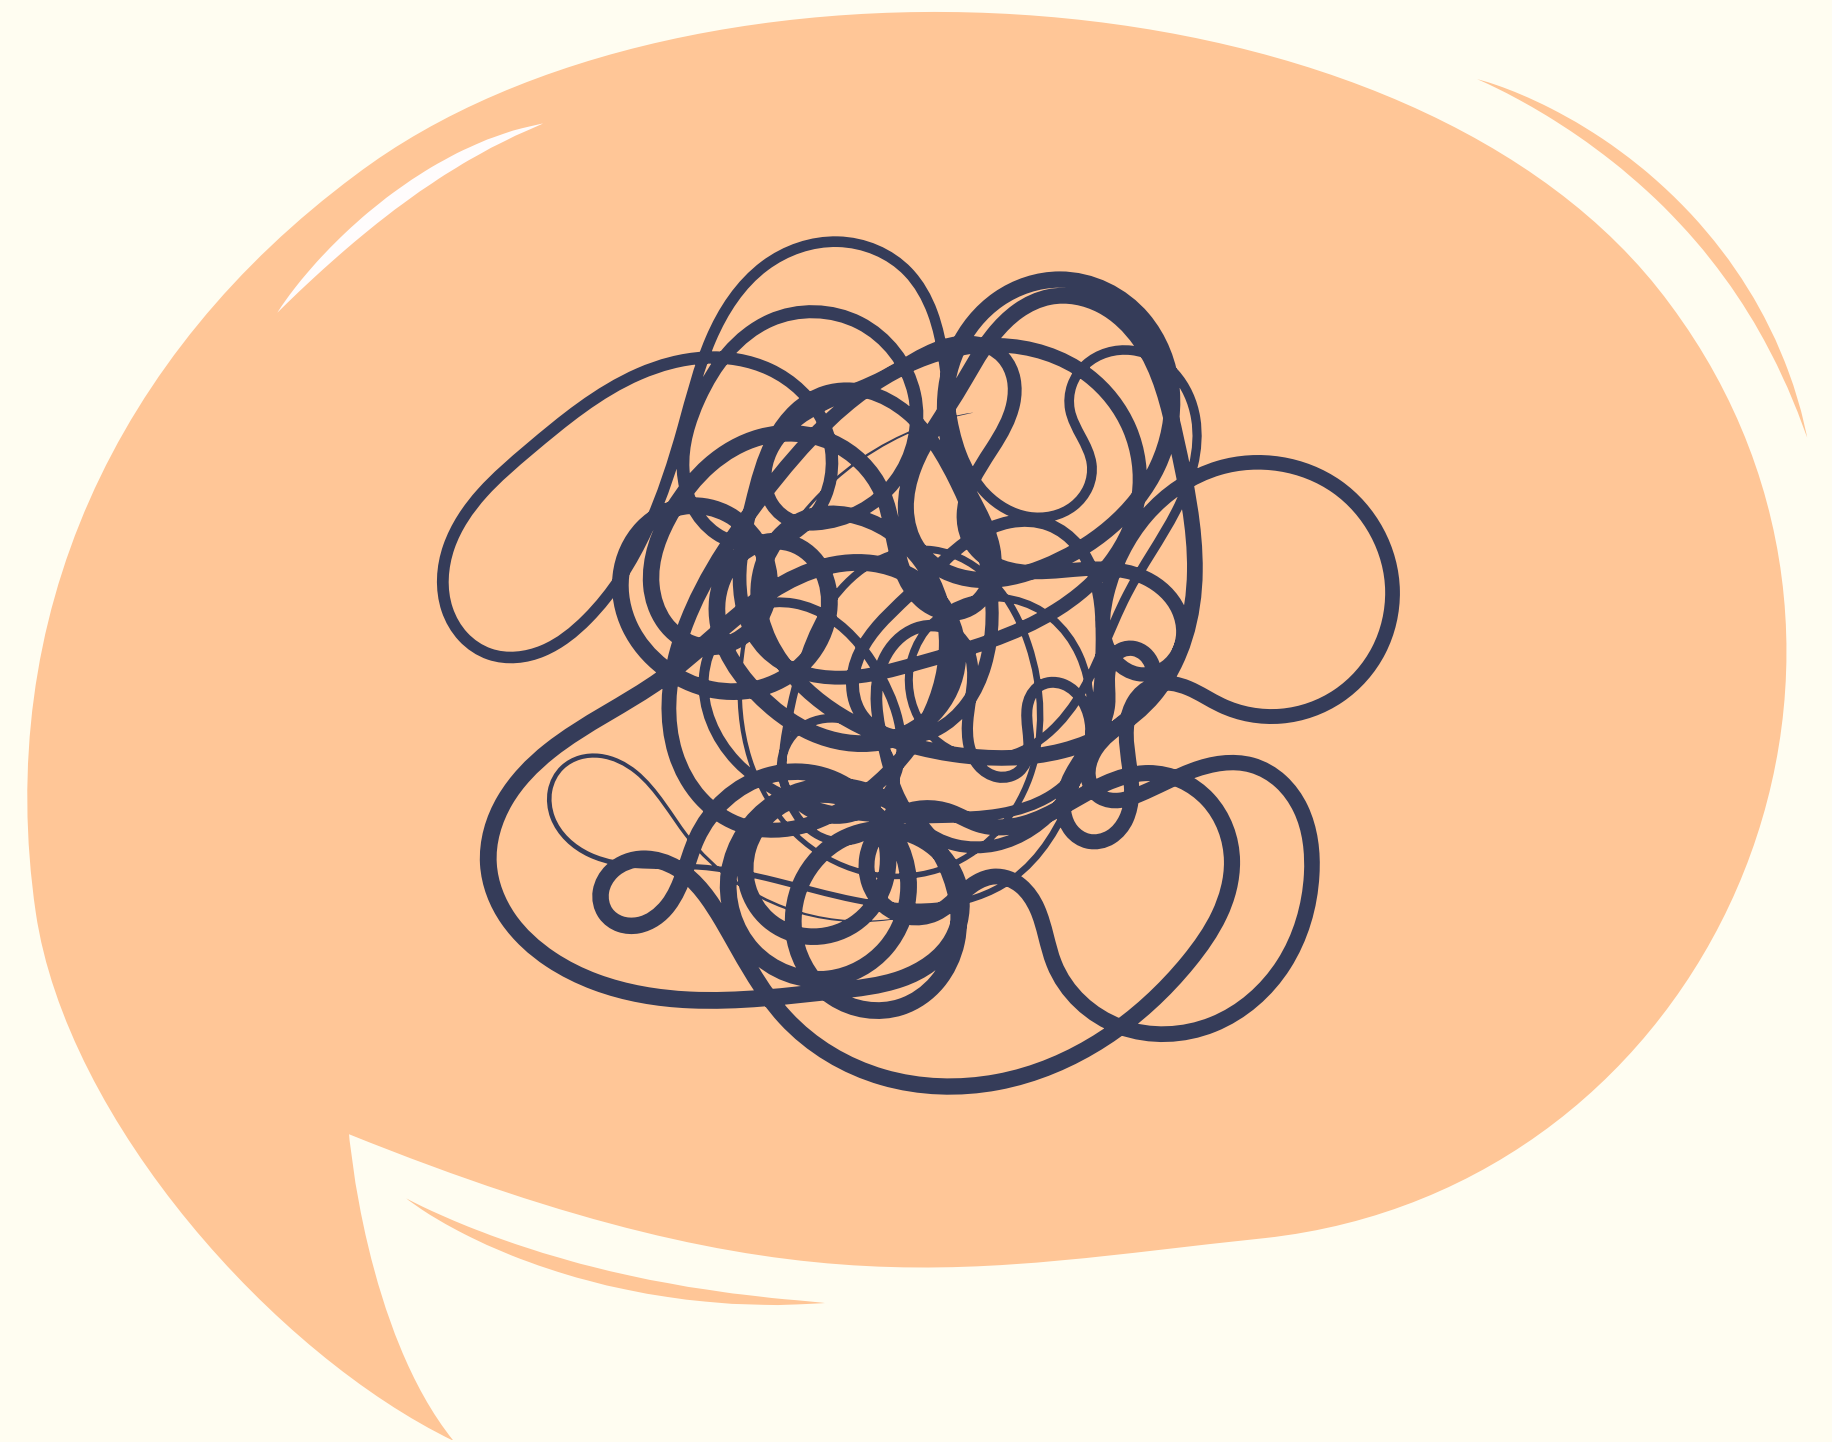

A mental health assistant is a trained professional or technician who provides direct support to individuals with mental or emotional disorders.

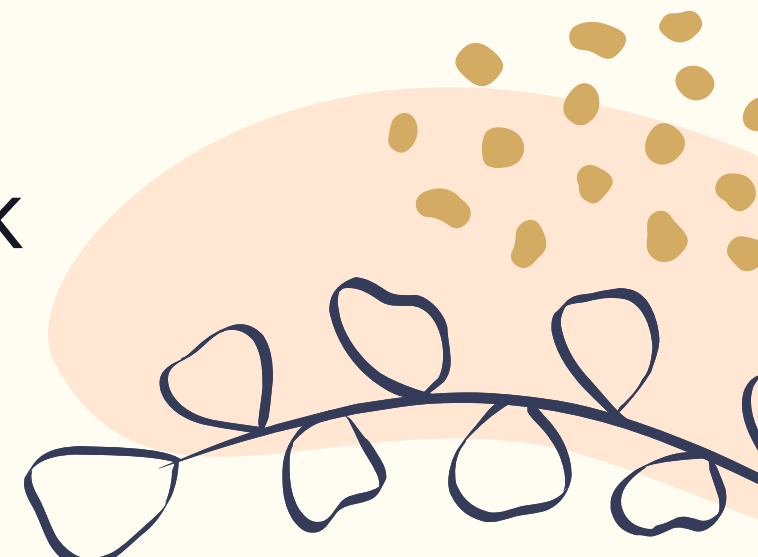

WHY MENTAL HEALTH

support Worker

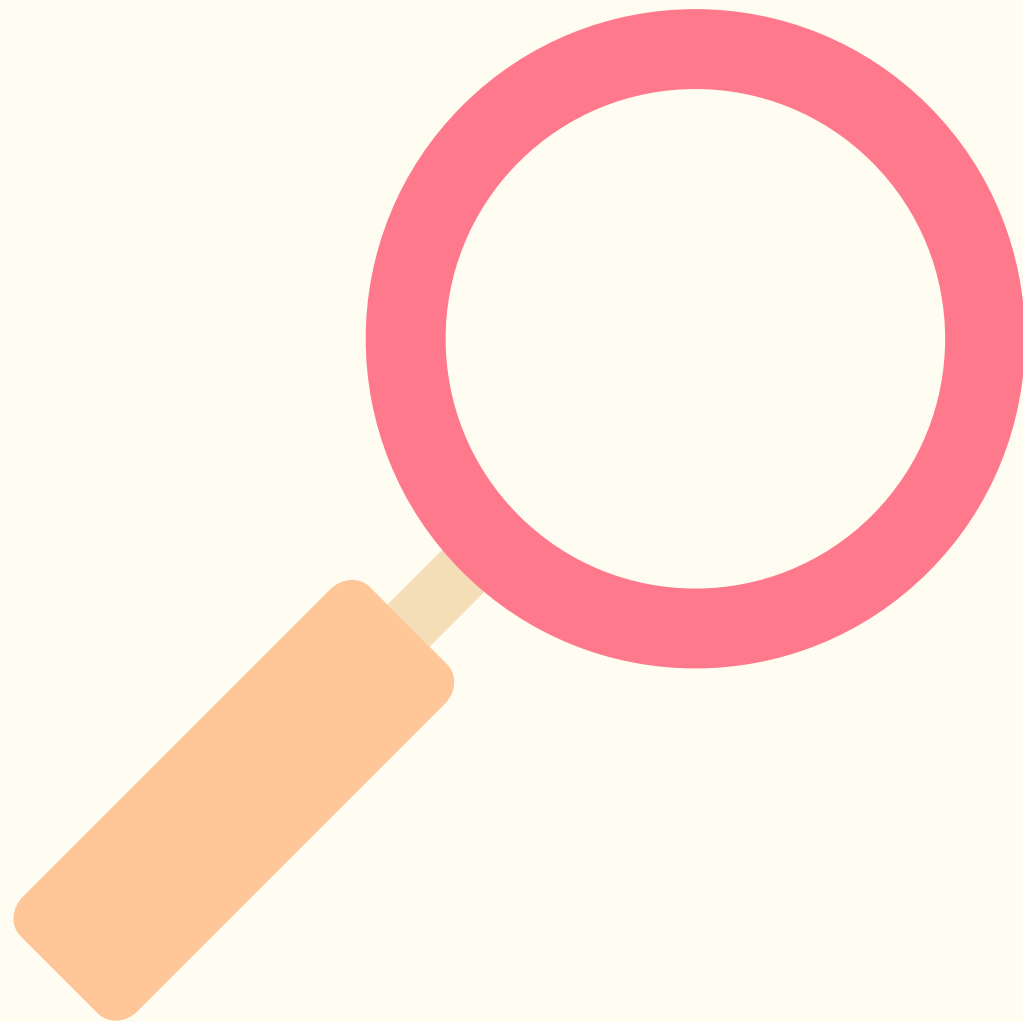

In my country i'm a psychologist and
i'm passionate about mental health.

For me, it's interesting how mental
healthcare is provided here in the UK

START *of* RESEARCH

I research the official NHS weebide using
Keywords like ;

Mental health support worker
duties and skills.

I found very usefull information about the Day to
Day tasks.

CRAAB TEST EVALUATION

NHS weebside

Page 04 —

Currency : it's update

Relevance : It's specific to this rol.

Authority : NHS is an official government source.

Accuracy : the information is real and objective.

A purpose : It's educational.

my main **CHALLENGE**

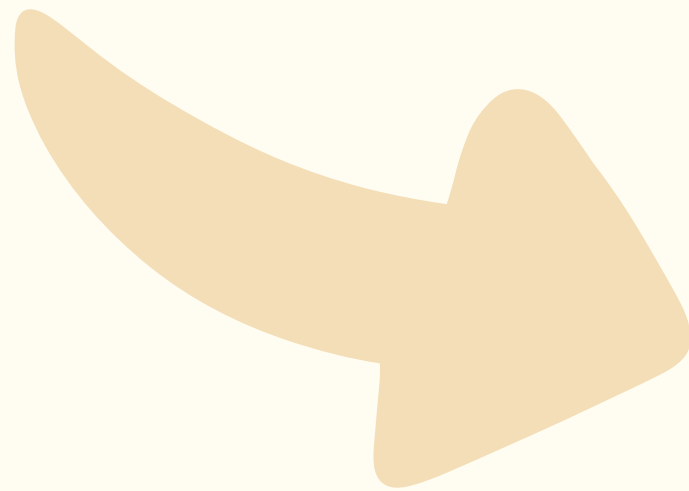

Has been the language, because i'm learning English while studying my career, also, understanding the UK terminology.

To overcome this i use traslation tools, and focus only on a official website.

My next **STEPS FOR THE REPORT ARE:**

Page 06

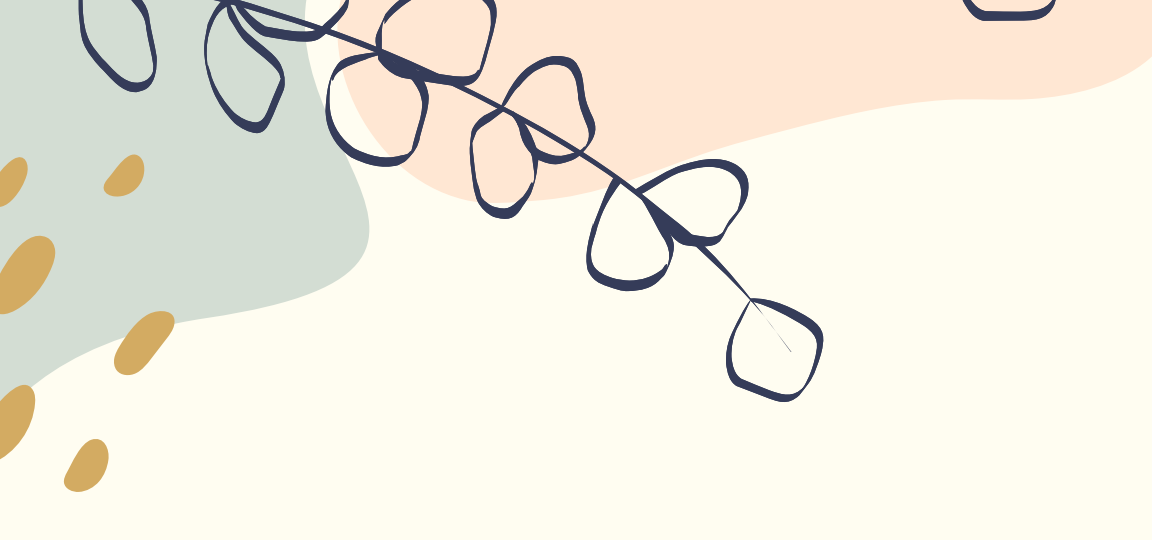

1

To find five credible credible sources, using Harvard References.

2

Choose three key skill and organize my work, ussing the university indication.

THANK YOU *for your attention*
