

MARKING CRITERIA and STUDENT FEEDBACK

This section details the assessment criteria. The *extent* to which these are demonstrated by you determines your mark. The marks available for each criterion are shown. Lecturers will use the space provided to comment on the achievement of the task(s), including those areas in which you have performed well and areas that would benefit from development/improvement.

Common Assessment Criteria Applied	Marks Available	Marks Awarded
General Comments		
Considering the depth of the practical, it is obvious that you have struggled with this assessment. However, you have installed/configured various elements and this should have been documented, at least marks could have been achieved for a partial attempt	100	23
1. Engagement with Literature Skills		
In your report you have used a range of different sources which you have referenced but not using IEEE and included comments from within your report. You have discussed the concept with some depth and looked at case studies to expand your description of the topic.	20	8
2. Knowledge and Understanding Skills		
Your presentation was to a good standard and well presented. Your report started well but lacked all sections and this included the observations part.	15	7
3. Cognitive and Intellectual Skills		
As you did not include the practical part of the assessment there is no critical analysis of the technology.	15	0
4. Practical Application Skills		
As you did not do the practical part of the assessment there are no marks here.	40	0
5. Transferable Skills for Life and Professional Practice		
Your report was of a good standard and contained some of the relevant sections. It flowed well with referencing being used and no spelling errors but no screenshots. Your presentation also was well produced.	10	8
