KEY ACHIEVEMENTS

- *One of my first real sense of achievement s came in the summers of 2001 & 2002when I attended Southwark summer university for children it extremely helped me with my people management skills and showed me the values of hard work and seeing a job through to the end.*
- *Another one of my earliest memories of feeling like I had achieved something was when I was handed my certificate for the completion of my school, work experience at Clapham Picture House in 2003 and them later on employing me in 2005 because they remembered something about me.*
- *But the key achievement that means the most to me was gaining my level 1 key skills in communication from city & guilds in 2004.*
