

MSc Project Proposal

Student LIV XIANGYU (LUKAS) Grade 50%

Intro / A&O		
Project title; Identification of a specific problem to be investigated; Well-defined aims and SMART objectives; Explaining why this project is worth doing; Discussion of different ways in which the problem might be investigated; Discussion of what the project needs to do in order to be a success; Description any deliverables that will be produced at the end of the project <i>includes a basic but workable set of aims and objectives</i>	10	5
Literature Review		
Description of how the work to be done by in the project relates to the work identified in the literature review; Discussion of any ethical issues raised by the project Identifying what has already been done within the field; Topic familiarity; Literature review using appropriate sources - journal papers and book chapters rather than just websites; Selection of relevant models & concepts <i>Needs more references and these need to be presented correctly. You talk about accessibility but how do you test it? This needs more on testing and assessment</i>	30	15
Research Methodology		
Clear statement of which research methods are to be used and why they are appropriate; <i>Chooses a sensible philosophy and approach but does not justify them</i>	20	~~10~~
Development / Analysis Methodology		
Clear statement of which development methods are to be used and why they are appropriate; Clear statement of which tools are to be used and why they are appropriate; Clear description of how data collected will be analysed <i>Needs to think more about how the software will be developed. Some risks considered</i>	20	10
Resources / Planning		
List of any deliverables; Clear Gantt chart showing both timing and resource use; Completed ethics form; Limited and relevant appendices <i>Gantt chart and basic hardware requirements covered. What software and other resources are needed?</i>	10	5
Document Presentation		
Correct spelling, grammar and punctuation; Flow of narrative/fluency; Coherence; Word processed ; Correct use of referencing with bibliography; Strict word limit <i>Always check your table of contents for errors Look up the IEEE guidelines on how to reference.</i>	10	5
TOTAL	100	~~50~~
