

MARKING CRITERIA and STUDENT FEEDBACK

This section details the assessment criteria. The *extent* to which these are demonstrated by you determines your mark. The marks available for each criterion are shown. Lecturers will use the space provided to comment on the achievement of the task(s), including those areas in which you have performed well and areas that would benefit from development/improvement.

Common Assessment Criteria Applied	Marks Available	Marks Awarded
1. Engagement with Literature Skills		
2. Knowledge and Understanding Skills		
Although you have documented some elements, you have not correctly read the assessment brief for the scenario and subsequently not given a set of correct IP Addresses - without this, you cannot complete the task(s) correctly	10	0
3. Cognitive and Intellectual Skills		
Due to incorrect IP Addressing/lack of running-config, this cannot be marked	10	0
4. Practical Application Skills		
Some elements from the practical activities are valid, but on the whole, there are somewhat incomplete and with activity 4 - there should have been some form of discussion (missing). With regards to the practical activities, you have the wrong IP address - therefore this simulation will not function correctly. Also, there is no running-config files to examine	80	4
5. Transferable Skills for Life and Professional Practice
