OCTOBER 16th, 2021

STUDENT NAME: MAGDALENA SIEMIATKOWSKA

STUDENT ID:2110059

E-MAIL: 2110059@STUDENT.UWTSD.AC.UK

LECTURER: SEYED NASIPOUROSQOEI

MODULE: BMSW4003

Hey, It doesn't work at all!!!

HEY, IT DOESN'T WORK AT ALL!!!

DISTRACTION

CONFUSION

LOSS OF CONTROL

BLAH BLAH BLAH
+BLAH
=MEH

HEADACHES

VOMITING

NAUSEA

ACKOFF'S DATA TO WISDOM

...a symptom of **WISDOM**
is curiosity...

"DEATH BY POWERPOINT"

LECTURER: SYED NASIPOUROSQOEI

MODULE: BMSW4003

KNOWLEDGE + POWER = WISDOM

INFORMATION IS KEY.....

EVERYTHING BEGINS WITH DATA...

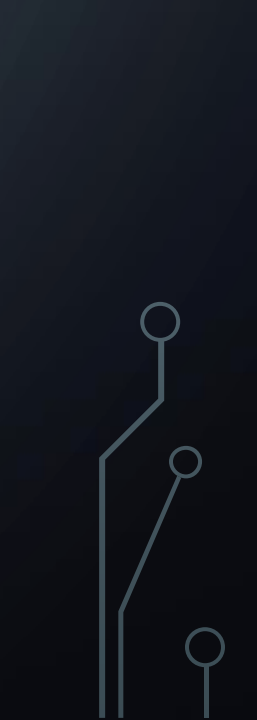

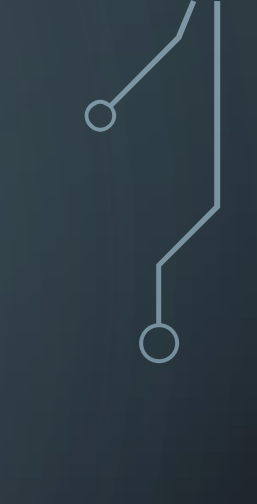

FOR EXAMPLE:

161021

16th OCTOBER 2021

"DEATH BY POWERPOINT"

LECTURER: SYED NASIPOUROSQOEI

MODULE: BMSW4003

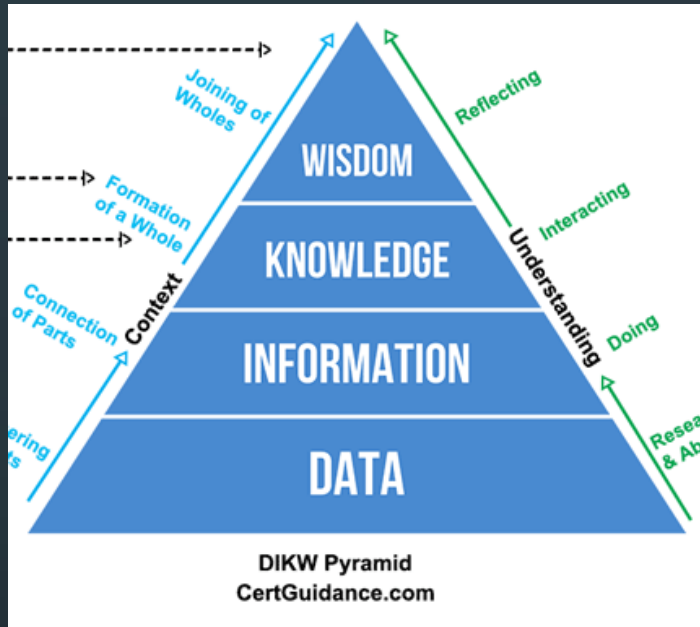

LIFE IS TOO SHORT TO BE BORING.

....HOW TO **AVOID** IT????????????!!!!!!
....HOW TO **AVOID** IT????????????!!!!!!

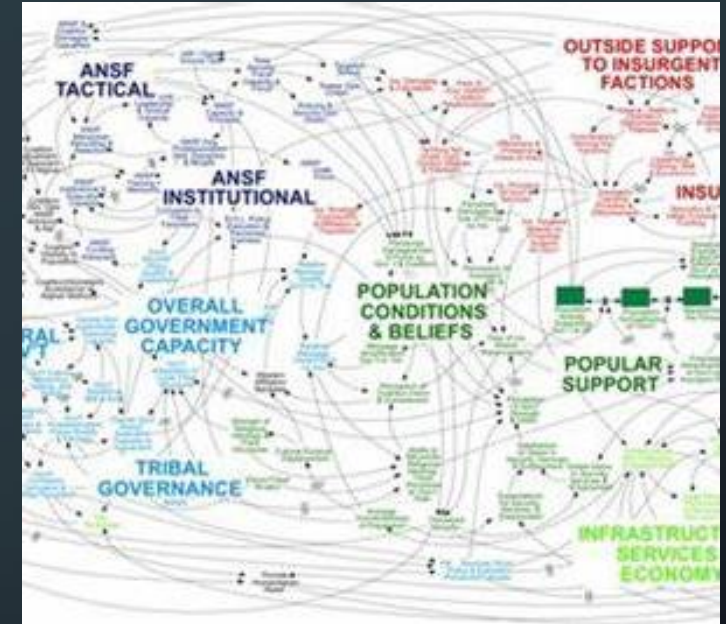

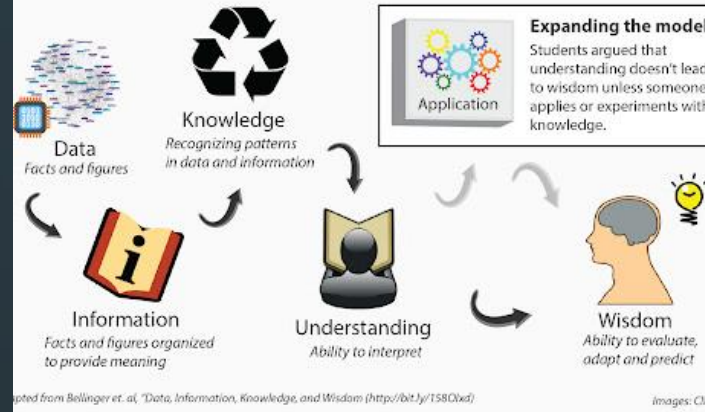

Moving From Data to Wisdom

In the late 1980s, the organizational theorist Russell Ackoff proposed a hierarchy to explain how we process and use information. Although the model has drawn criticism, I find it useful for helping students think about the structure and

use of information. In a recent class discussion, I asked the undergraduate students to think about what might be missing from this model. They suggested a step between understanding and wisdom.

MAKE IT INTERESTING!

JUST KIDDING!!!!!!!

LECTURER: SYED NASIPOUROSQOEI

MODULE: BMSW4003

WHY IS IT TERRIBLE??????????

IMAGES, TEXT AND SLIDES DON'T MIX!!!!!!

Motor Car, any self-propelled vehicle with more than two wheels and a passenger compartment, capable of being steered by the operator for use on roads. The term is used more specifically to denote any such vehicle designed to carry a maximum of seven people.

The primary components of a car are the power plant, the power transmission, the running gear, and the control system. These constitute the chassis, on which the body is mounted. The power plant includes the engine and its fuel, the carburettor, ignition, lubrication, and cooling systems,

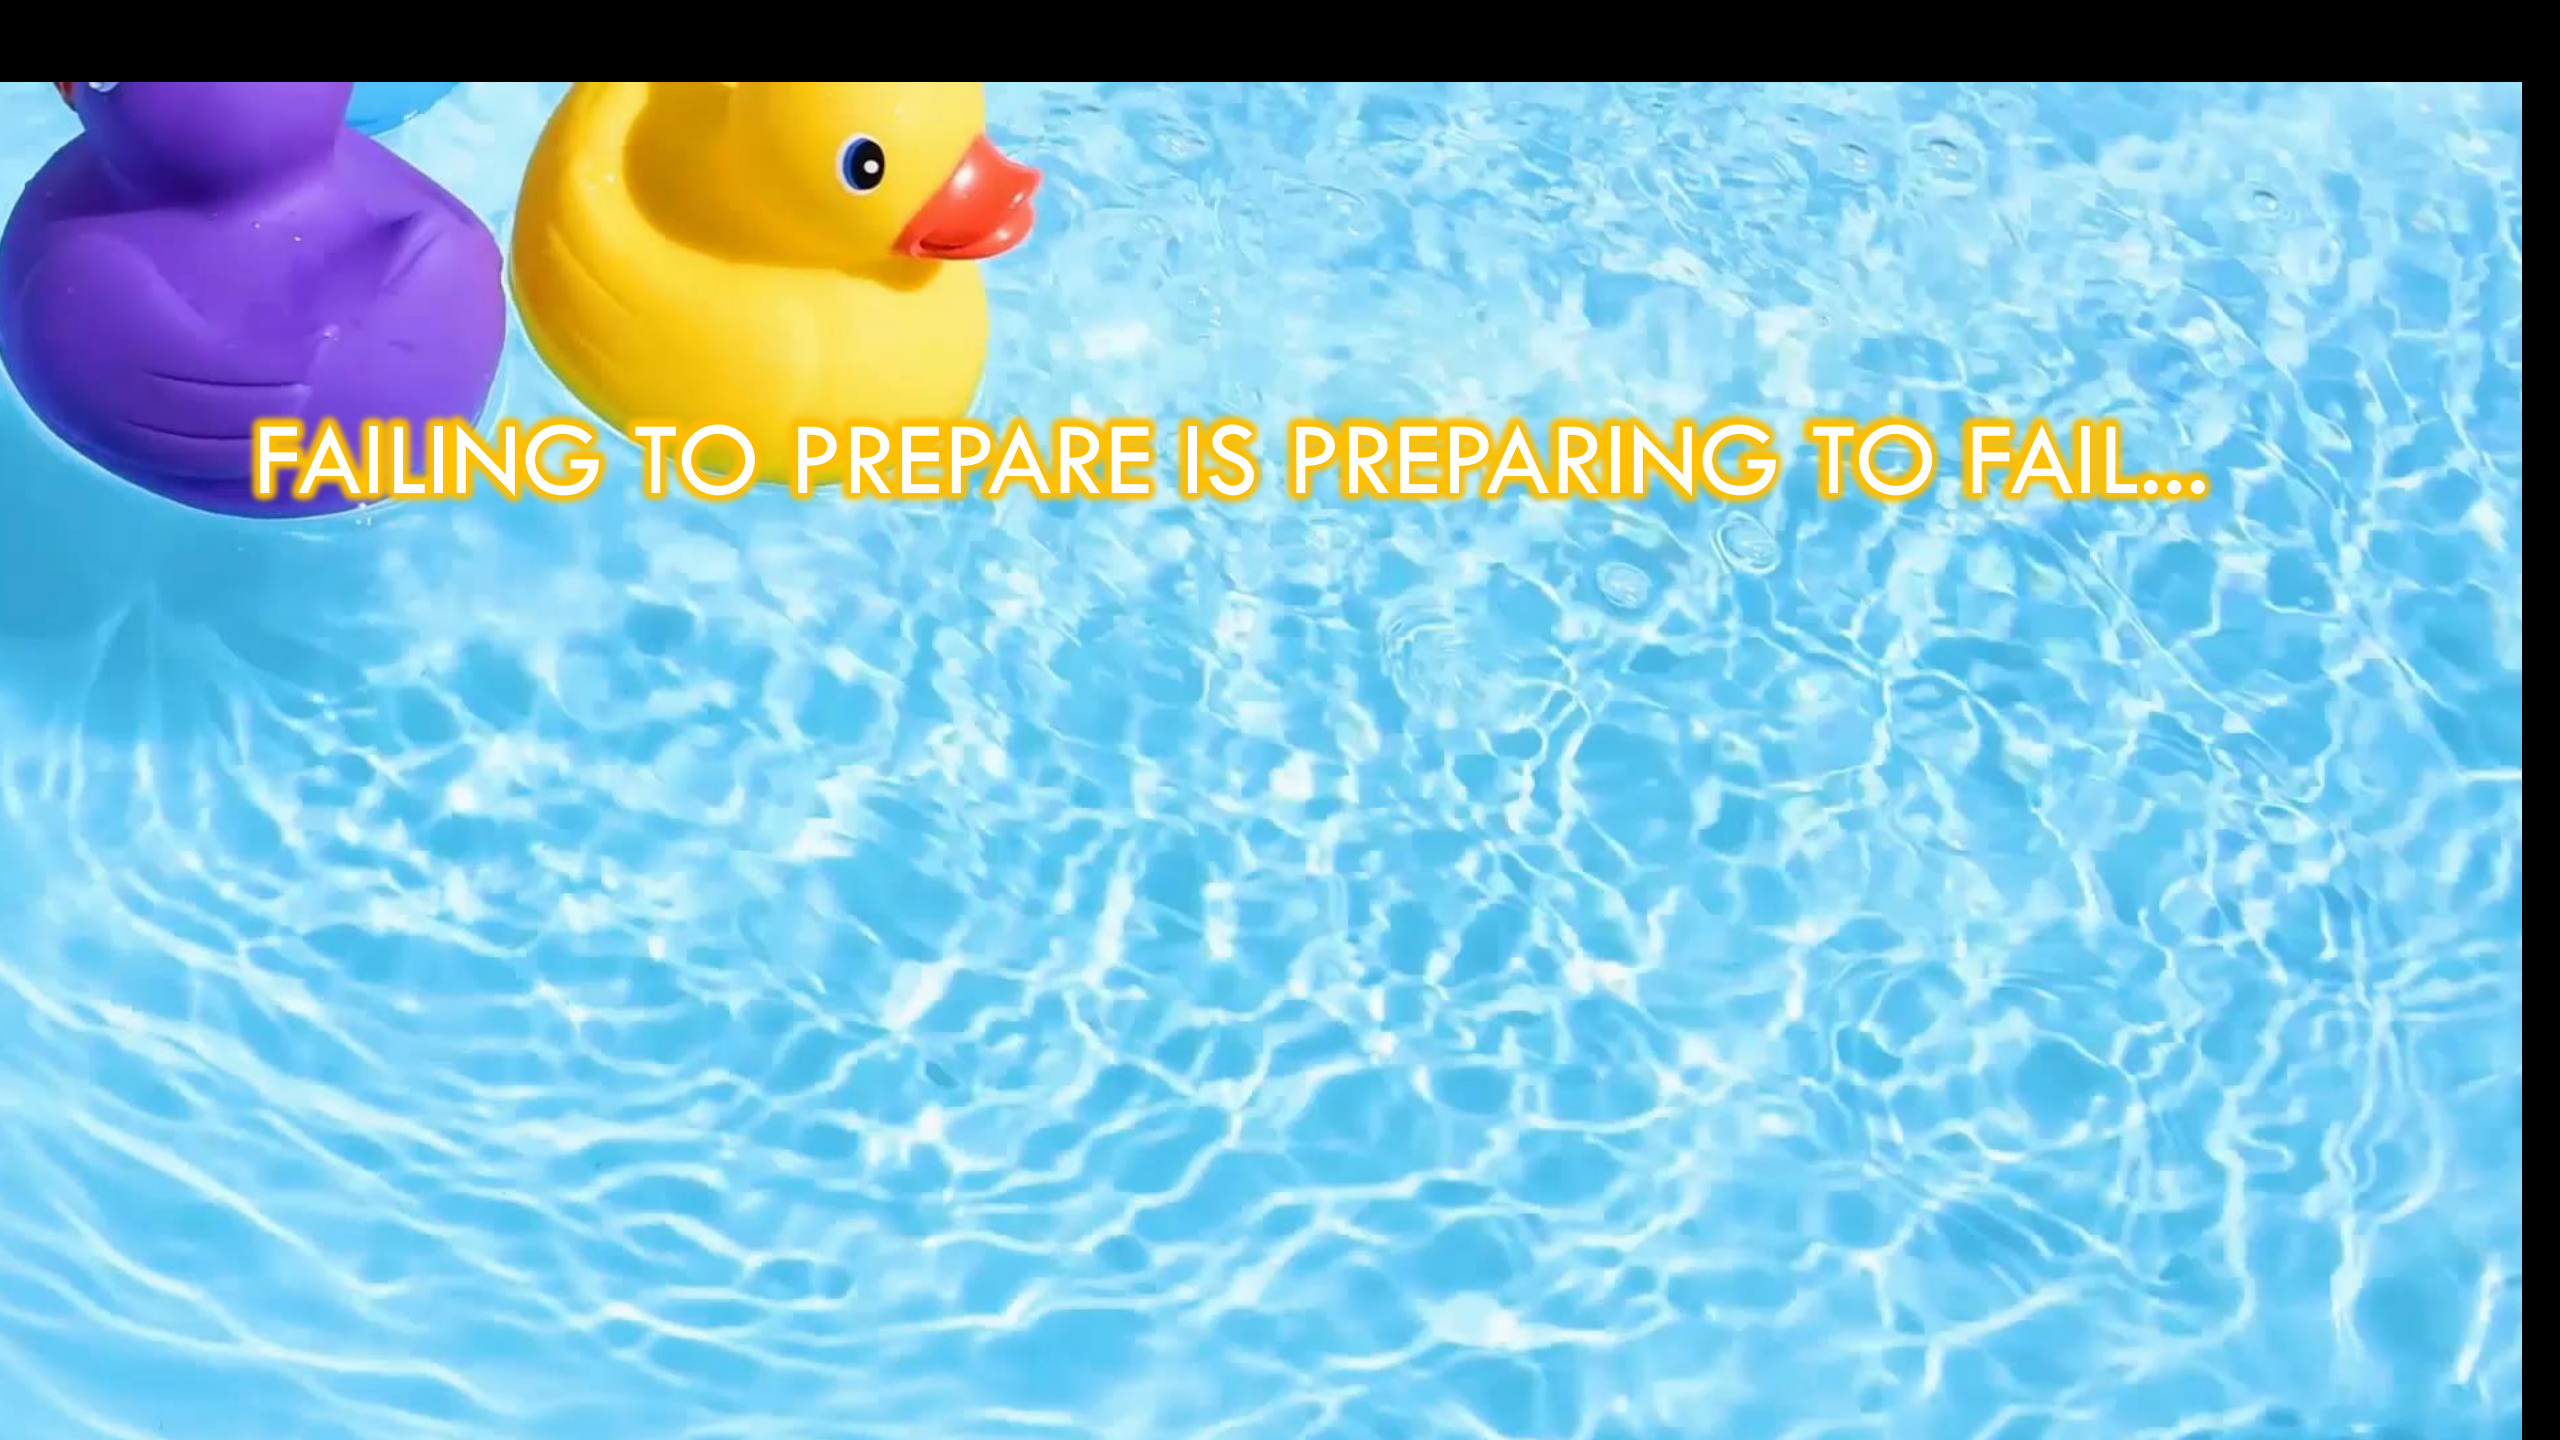

A young girl with dark hair, wearing a white button-down shirt, stands in front of a chalkboard. She has a thoughtful expression, with her hand resting on her chin. On top of her head is a silver, perforated metal bowl, and a single, glowing incandescent lightbulb is balanced on the bowl. The chalkboard behind her is filled with various mathematical equations and diagrams drawn in white chalk. Some of the visible equations include $E=mc^2$, $5x+3y=5$, $3-8+5 \times 3 = 12$, $11 \times 5 = \square + 2$, and $2x+1y$. There are also geometric diagrams, including a cylinder on the left and a triangle on the right. The overall scene suggests a moment of creative problem-solving or a 'bright idea' in a classroom setting.

The background features a series of concentric, glowing circles in shades of blue and purple, creating a tunnel-like effect that draws the eye towards the center. The circles are of varying radii and are slightly offset from each other, giving a sense of depth and movement. The text is centered horizontally and vertically within the frame.

CAPTURE ATTENTION BY BUILDING A STORY

TO MAKE IT CONVINCING, MAKE IT COMPELLING!!!!

A close-up photograph of two rubber ducks floating in clear, rippling blue water. On the left is a purple duck, and on the right is a yellow duck with a red beak and a small black eye. The water's surface is covered in fine, concentric ripples, suggesting a recent disturbance. The lighting is bright, creating a high-contrast scene.

FAILING TO PREPARE IS PREPARING TO FAIL...

THANK YOU FOR WATCHING!!!

Presentation By MAGDALENA SIEMIATKOWSKA, AYESHA AKHTAR, IBRAHIM ALAMIN & ANDREEA PATRUT
