UWTSD

DigiSkills Recommended Learning

To find out more about Digital Capabilities please watch the video below

UWTSD recommended learning offers a holistic approach to developing your digital skills by setting out a recommended learning pathway for each of the six digital capabilities in the

[Jisc Digital Capabilities model](#). 

You can work through all six to develop a broad range of digital skills, or take a deep dive into one or two to focus on areas of particular interest or relevance. Learning pathways are

Library and Language Resources - Databases

The screenshot shows the library website interface. At the top, there's a navigation bar with links: New Search, Online Resource Lists, Browse eJournals, Database Search, Newspaper Search, Need More?, and a menu icon. The user's name, Curcic, Ivana, is displayed on the right. Below the navigation bar is a teal header with a search bar containing the text "Database Search" and "expanded", and a magnifying glass icon. The main content area is divided into two sections. On the left, under "Databases by category", there's a list of categories: Audio visual, Data, Dissertations & theses, eBooks, eJournals, Images, Institute of Education and Humanities, and Institute of Management and Health. A red arrow points to the "Institute of Management and Health" category, which is expanded to show sub-categories: Accounting and finance, Business and management, Human resource management, Law and criminal justice, Nursing, health and social care, Policing, Public services, Sport, health and outdoor Education, and Tourism, events and hospitality. On the right, under "Search for databases", there's a text box with instructions: "To search for databases you can do the following: Enter keywords in the search box. Browse databases by category. If you need help with searching or finding relevant material using any of our resources, please contact your Academic Liaison Librarian." Below this, the text "Databases: e.g." is followed by a bulleted list: "MarketLine Advantage" and "Cite Them Right".

New Search Online Resource Lists Browse eJournals Database Search Newspaper Search Need More? ...

Curcic, Ivana

Database Search expanded

Databases by category

- Audio visual
- Data
- Dissertations & theses
- eBooks
- eJournals
- Images
- > Institute of Education and Humanities
- ▼ Institute of Management and Health
 - Accounting and finance
 - Business and management
 - Human resource management
 - Law and criminal justice
 - Nursing, health and social care
 - Policing
 - Public services
 - Sport, health and outdoor Education
 - Tourism, events and hospitality

Search for databases

To search for databases you can do the following:

Enter keywords in the search box.
Browse databases by category. If you need help with searching or finding relevant material using any of our resources, please contact your [Academic Liaison Librarian](#).

Databases: e.g.

- MarketLine Advantage
- Cite Them Right

I.3. How to link Google Scholar to the library catalogue

Go to **Google Scholar Settings**

(E.g. In Google Chrome web browser: it is in the upper left corner, where there are three horizontal lines)

Click on **Settings**.

Select **Library Links**: In the search box type exactly **UW Trinity Saint David** (not UWTSD, not University of Wales...)

Click **Save**

Now, when you search Google Scholar, there will be links for those articles/books that are available in the UWTSD library. Among the books, however, you will still need to distinguish the electronic ones from the print ones (which cannot be read online).

Tips... reminders...

- Online Resource Lists it is the reading list, recommended resources.
- Library log in, same as the other UWTSD logins
- Databases are accessed through the online catalogue, i.e. the library website!
- Need More service (i.e. Interlibrary loan)
- If in doubt, contact us! By E-mail, MS Teams... **londonlibrary@uwtsd.ac.uk**
