

Assignment learning digital era

a.

Unit 1 on Moodle / Written summary

- b. The resources covered in Unit 1 of this module will help you to complete this task.
- c.
- d. Write a 250 words summary (with some supporting images) on the topic of essential skills for study and employment, as learnt in Unit 1. The summary should consider:
 - i. How the development of such skills will support you in your chosen Career after you graduate.
 - ii. Add at least four references (information sources); include at least one textbook and one credible article. Also, use the correct referencing standard throughout (IEEE).
- e. Check the similarity score of your work (from Section 1 a) and estimate its marks.
 - i. To check the similarity score, submit your work (from Section 1 a) to the Turnitin link (labelled Task One – Similarity Check) on the Moodle page.
 - ii. Write a maximum of **100-words** reflecting on how you may improve the similarity score; mention the similarity score of your work.
 - iii. Using the '*Generic Assessment criteria*' (see end of this document) as a guide, state the mark out of 100% you would award yourself and briefly explain why.
 - iv.

Essential skills for study and employment

1 communication

Communication is the most important skills they look for good variable and written communication skills
