Benefits and drawbacks of T1 &T2 hypervisor, Cloud Computing stated with examples. Description on DNS given with illustrations. However, could have drawn a diagram to illustrate your understanding rather than referring to internet source diagram. Brief overview on 2 critical roles stated. Different terminolgies stated with its purposes. Could have added more description on comparing the functionalites and operations of those terms with different OS's IEEE Formatting done. More evidences on statements could have added value to work. Could have added chapters/ topics with numbers to follow up.	16.6

Proper justification on practical tasks given. Could have analysed more in-detail on the troubleshooting steps adding the client to the domain rather than stating "for some reasons". Eg: Why was the DNS configuration lost? Is that because of wrong configuration? etc. Reflection on the tasks stated. Valid screen shots provided. Neatly organised. Could have focused on more critical analysis observation part. Analysis of the outcome done.	15.2
