

MARKING CRITERIA and STUDENT FEEDBACK

This section details the assessment criteria. The *extent* to which these are demonstrated by you determines your mark. The marks available for each criterion are shown. Lecturers will use the space provided to comment on the achievement of the task(s), including those areas in which you have performed well and areas that would benefit from development/improvement.

Common Assessment Criteria Applied	Marks Available	Marks Awarded
1. Engagement with Literature Skills		
Extensive inclusion of literature across both tasks. Inclusion of a bibliography may have been easier to read however all sources were available.	20	15
2. Knowledge and Understanding Skills		
You have demonstrated an excellent discussion on data security and topics discussed were concise and included examples and challenges. Inclusion of diagrams can help support your discussion and enable reader to gain better knowledge.	10	7
3. Cognitive and Intellectual Skills		
Excellent search on data security areas. Inclusion of the challenges was excellent and provided an excellent section to your discussion.	25	20
4. Practical Application Skills		
Limited use of tables, diagrams and images throughout document. Inclusion of these would support the document. While you have demonstrated very good knowledge of Data Security concepts providing more practical examples would have enhanced your discussion.	25	13
5. Transferable Skills for Life and Professional Practice		
Excellent presentation of document. Inclusion of TOC and bibliography would have supported the document. Be consistent in how you present sections. There were areas where the consistency wasn't there. Inclusion of diagrams and images would have helped in some sections of the discussion.	20	14
