

Heyy so this is the track I wrote that I was talking about the other day and wondered if you'd be interested in producing it?

There's a bug in the middle with the lyrics overlap so I just went silent lol but should give you an idea anyway 🤖

Hey! Happy new year! Thanks, you too! It's 'Goodnight n go' by Ariana Grande :)

Hey! Lush speaking to you! So here are the time stamps I was thinking:

- 0.26 go into the 'airy' pre chorus bit
- 1.27 go into the 'airy' pre chorus bit
- 1.53 have the chorus drop

Then a 16 bar bridge (airy-like and start to build it after the first 8 bars) into a last chorus drop.

I hope that Makes sense let me know if you need me to explain anything 😊
