

MAJOR PROJECT - Final Report – 55%

Student Name:	Sasha Rowland
Title of Project:	Health Application for managing epilepsy
Supervisor:	Gwyneth Thomas
2 nd marker:	Sue Mau
Course:	BIT BusComp CIS CNets CSE Electrical Games Mobile TRE SE <u>Web</u> (please circle)
Project Type:	Survey Review Experiment <u>Development</u> (please circle)

	Mark %
<u>First Marker's General Comments and Original Mark</u>	
<u>Second Marker's General Comments and Original Mark</u> Good explanation of the need for an Apple epilepsy management app & a working app developed but thin in places.	49
<u>Comment After Consultation With Other Marker & Final Agreed Mark</u>	50

Signature: Sue Mau..... Date:

	Survey	Review	Experiment	Development
1. Research-informed Literature				
Introduction	/5	/5	/5	1.5 /5
Literature Review	/20	/35	/20	7.5 /15

Comments:

Very brief intro which does mention aim & also objectives can be found. I'd have liked to see the brief discussion of Usability principles extended with more relevant research discussed and the background into epilepsy symptoms summarised into key points for the app.

	Survey	Review	Experiment	Development
2. Knowledge and Understanding of Subject				
Methodology	/5	/5	/5	2 /5
Survey Design	/15	-	-	-
Requirements/Design	-	-	-	3 /5

Comments:

A brief methodology chapter with poor formatting. Some discussion with reference to elements of research methods and some evaluation of development methods. Requirements analysed via a survey & lit review sources

	Survey	Review	Experiment	Development
3. Analysis				
Results & Discussions	/25	/25	/25	11 /25
Conclusions and Recommendations	/10	/10	/10	4 /10

Comments:

Very brief evaluation - it would have been good to see more record of testing with end users.

Conclusions ~~yes~~ very brief - they do include some recommendations for additional features. It would be good to see further research addressed also.

	Survey	Review	Experiment	Development
4. Practical Application and Deployment				
Development	-	-	-	9 /15
Experimental Design	-	-	/15	-

Comments:

A working app was developed. It would have been good to see code examples - these were shown in the demo.

	Survey	Review	Experiment	Development
5. Skills for Professional Practice				
Reflection	/10	/10	/10	4 /10
Quality of Report	/10	/10	/10	3 /10
Comments: Reflection was brief but did contain evidence of developing skills & understanding. The document formatting was poor with no new page for sections making it hard to read. Correct referencing was used.
