This is Youtube and im pretty sure everyone knows it and use it too but from my perspective i use youtube for almost everything for example lessons music videos online books type of videos of “how to repair this at home or how to cook rib eye steak” 😂 i know its funny but im pretty sure all of us are using youtube

My Short Reflection

- Write 5–8 simple sentences about your digital life.
- You can use the sentence starters below if helpful.

I use digital tools to complete my assignments or homeworks, music, editing, research, online lessons.

I feel confident when I use Google or Youtube as I know this digital apps will give me the information that I need.

I want to improve myself so I can be more independent from these digital apps but I have to use them first for knowledge.

I sometimes feel nervous about my assignments as I need more time to complete them and make them look better.

I hope this module will help me how to work faster with programs like Word, PowerPoint, Excel and different apps that can help me with my future inquiries.

Digital skills are important for me because in the future digital businesses and online shopping are going to be popular and popular so I believe that the future is in digital skills.
