The main focus for everyone was to get the topics that we had chosen across to the opposing team. The topic 'is traveling a risk to your health'. The focus was Infectious illnesses which are Ebola, Thrombosis, and COVID-19. Individually had to speak about these issues for five minutes such as the risk of your health due to flying. At the end of the debate as a chair, they would have to ask the questions to their opponent. Emily and Alex had the questions from the chair and then it came to an end.
