

Which digital tool is most used by students at UWTSD collaborate together?

- ❖ Azar Ali
- ❖ Omara Richards
- ❖ O Solomon Oshodin

Introduction

- ▶ Which digital tool is most used by students at UWTSD collaborate together?
- ▶ Digital tools gives us the abilities to work in a team or independently.
- ▶ To develop our software skills and collaborate with others.
- ▶ Can access multiple tools all at once.

Ethical research

- ▶ Respect
- ▶ Law abiding
- ▶ Privacy
- ▶ Fairness
- ▶ Consent

Rationale

- ▶ According to Gallegos K. “Collaboration in technology helps students with expanding their access to education with the use of various tools such a (*see below*) which allows us to communicate with anyone, anywhere at any time with a click of a button.”
- ▶ E.g.

Break form educ

Develop our knowledge

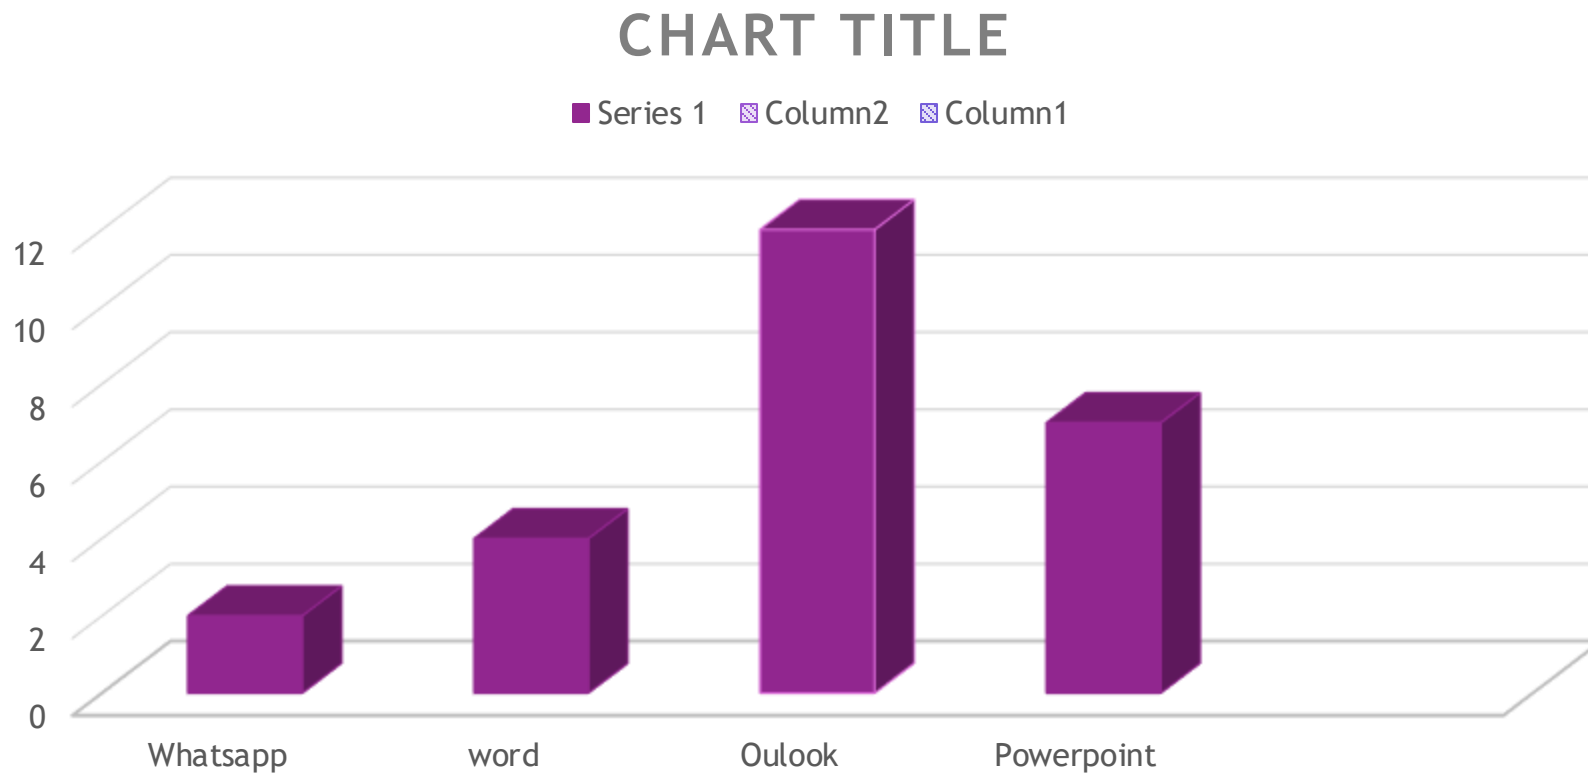

As students we found it difficult to come back into education after many years and these tools were helpful for us to get back on track. And which tool would be best for us to share documents effectively and reliably, And how might we be able to best train and further our knowledge on As a student we found it easier to use google for research as it is easy to use. Some of the other collaborative applications that we have used include Microsoft office (teams, outlook, powerpoint, word) and WhatsApp.

Questionnaire

- ▶ Which digital tool do you use the most
 - ☐ WhatsApp
 - ☐ Word
 - ☐ Outlook
 - ☐ PowerPoint
 - ☐ Other
 - ☐ Why have you chosen the answer above? why
 - ▶ What are your favourite feature about this digital tool? why
 - ▶ How frequent do you use these tools
 - ▶ From a scale on 1-10 how would you rate these tools?
-
- ☐ I consent to take part voluntarily

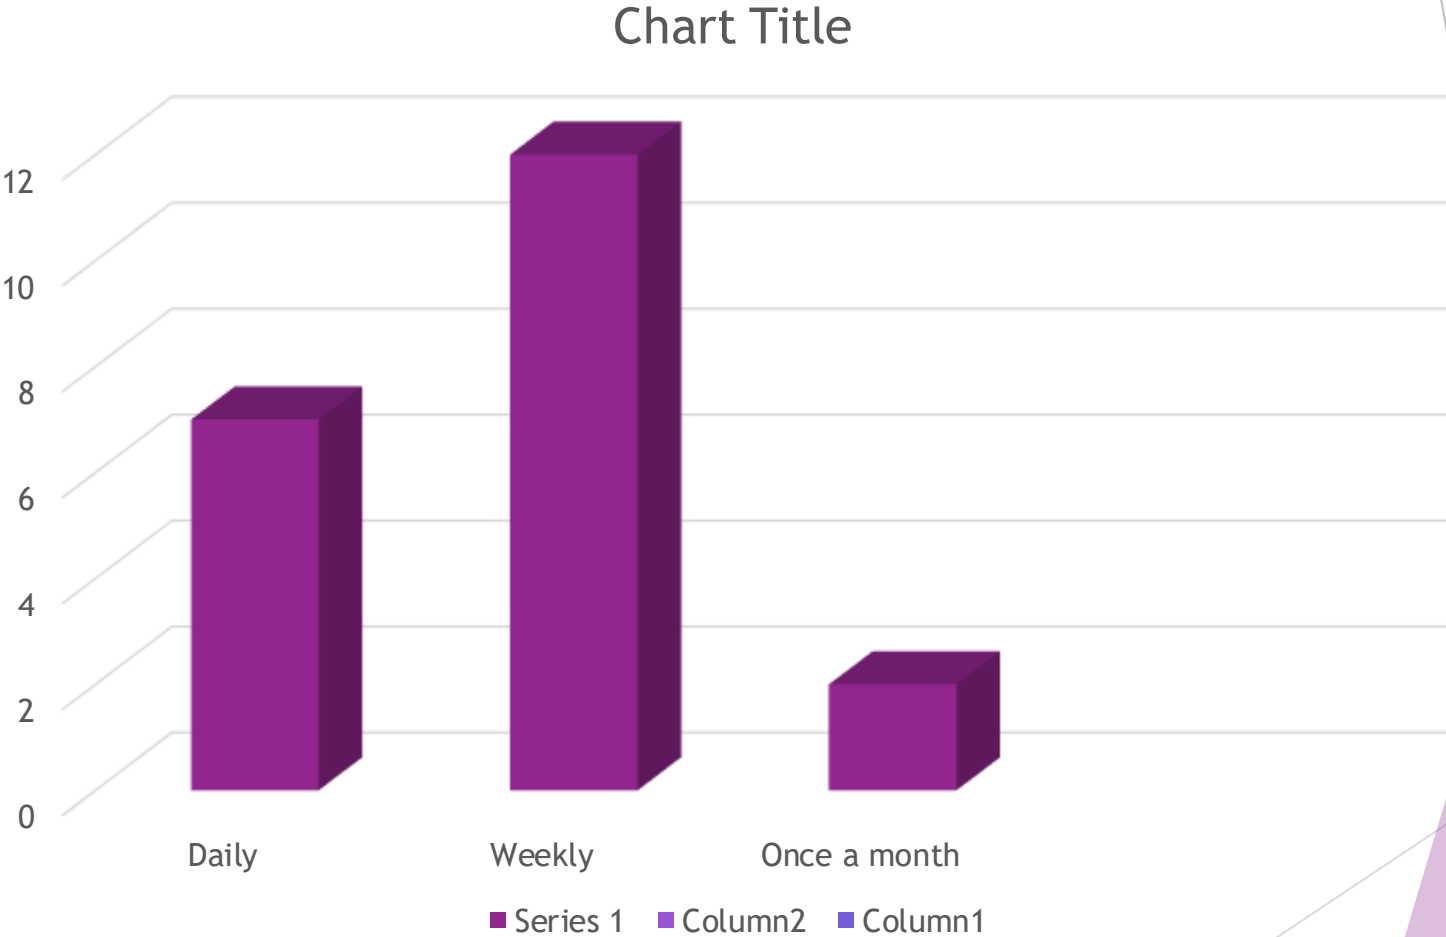

*Tick Box

Which digital tool do you use the most?

How frequent do you use these tools

- ☐ Daily
- ☐ Weekly
- ☐ Once a month
- ☐ Do not use

What are your favourite feature about this digital tool?

- ▶ Reason was.....
- ▶ Technical issues.... How we overcome the issues? collaborating

Hypothesis

- ▶ Our hypothesis is that we done a questionnaire with 25 students and the results was that outlook has ranked 1st. WhatsApp ranked 4th. The reason outlook was used the most is because it has everything that you need, can be easily accessed. WhatsApp is limited for share and read documents. Coming in 2nd place is word because you can share edit your work.
- ▶ For our hypothesis we assumed that students would be using WhatsApp as the main source of sharing documents and collaborating but after carrying out our questionnaire we have discovered that our hypothesis was found to be incorrect.
