

DS1 Assignment 1

GMAIL

My reflection

I use the digital tool Gmail to send and receive emails such as delivery information when I order online

I feel confident about being able to navigate the Gmail app on my phone

I would like to improve on perfecting my reading and writing when sending and receiving emails and my IT skills

These skills matter as a lot of people use emails to communicate so I can email many different people

GOOGLE

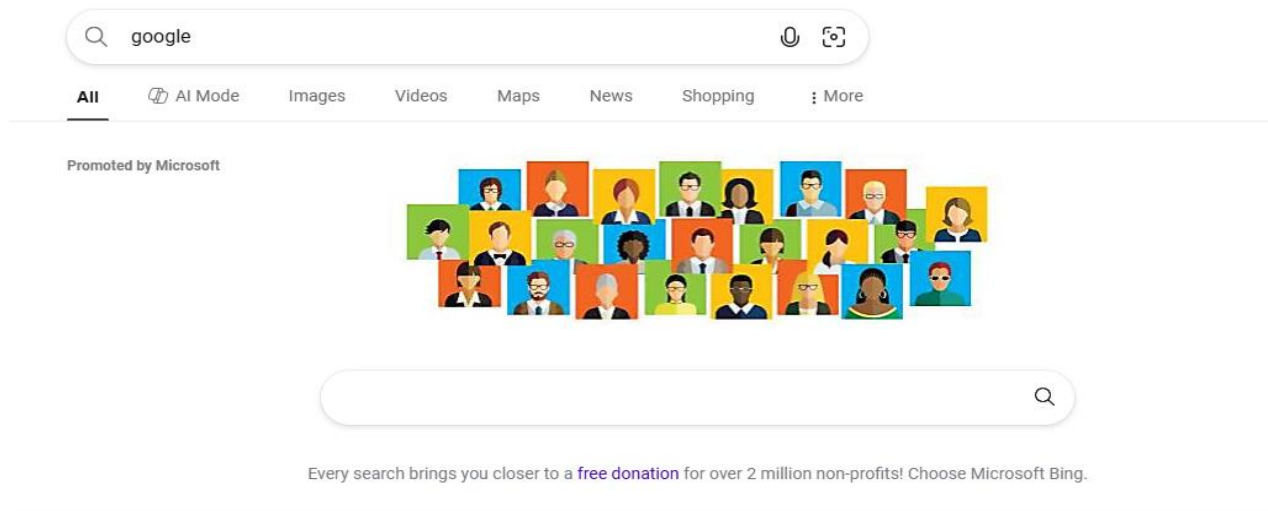

My reflection

I use the digital tool Google to look for different things on my phone that I don't know and find out new information.

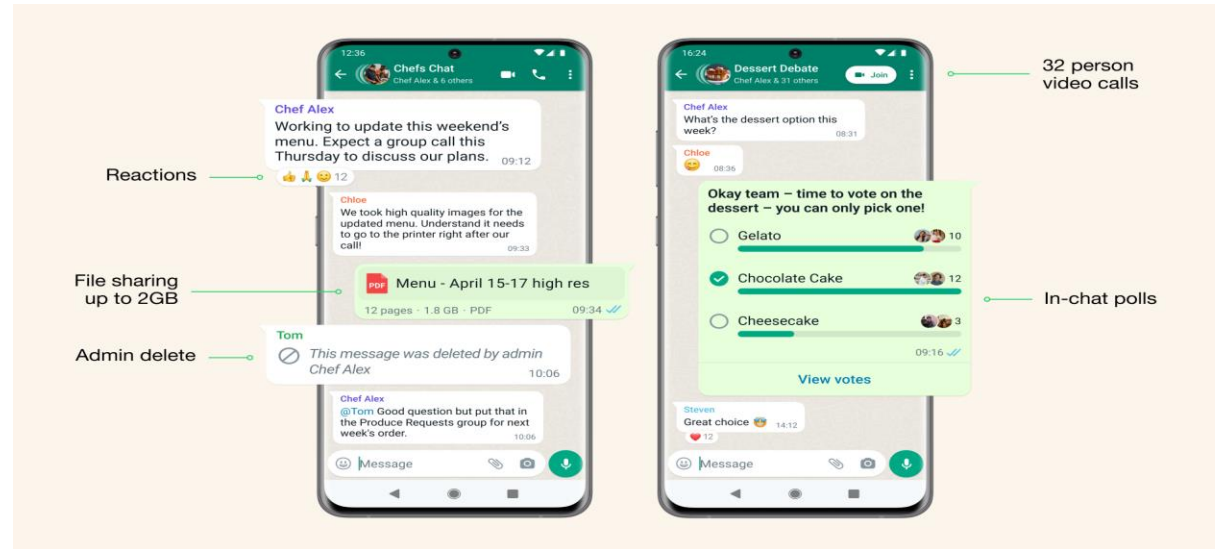

I am good at being able to use google on my mobile phone

I want to improve on being able to use google on my laptop

These skills are important as learning new information is good

WHATSAPP

My reflection

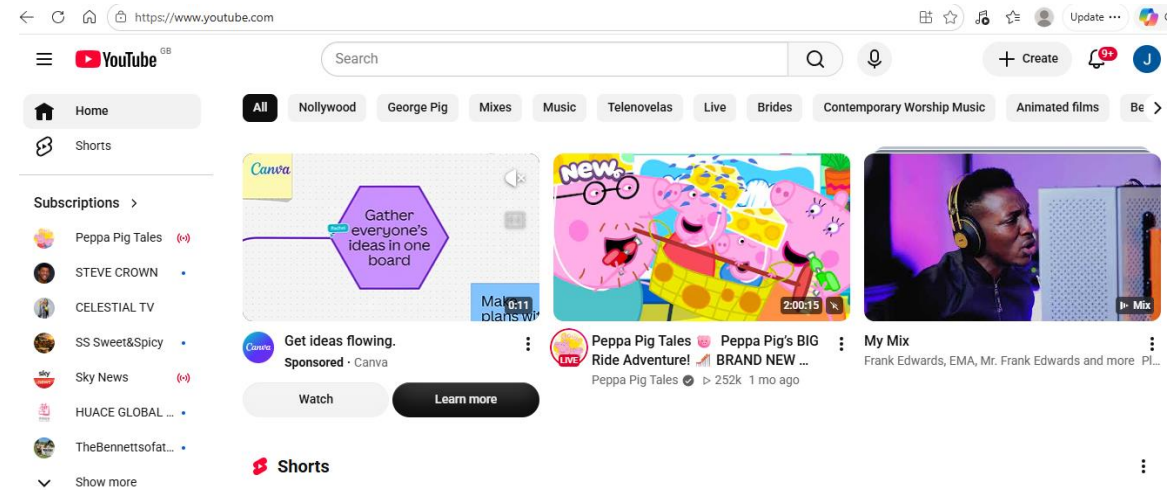

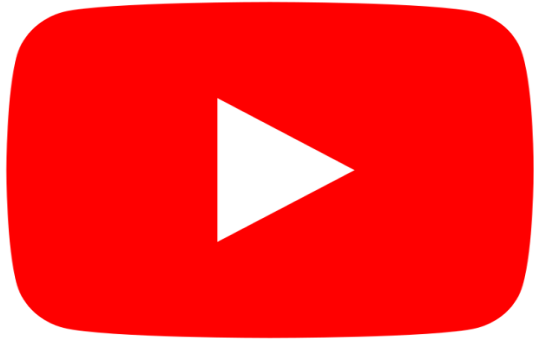

I use the digital tool WhatsApp to communicate with my friends and family especially those abroad

I am good at navigating the app on my phone

I would like to improve on my spelling when messaging, and sharing my statuses with my contacts.

These skills are important as it is important to keep up with friends and family

YOUTUBE

My reflection

I use the digital tool Youtube to watch videos

I am confident at watching videos and searching for different films, I also use Youtube to show TV shows like Peppa Pig, to my dog to keep her relaxed.

I would like to improve on uploading Youtube videos

These skills are important as you can learn many things through Youtube videos

My reflection
