

MAJOR PROJECT - Final Report – 55%

Student Name:	Sammy Phoenix
Title of Project:	Usability Study on Privacy Controls in Social Networks
Supervisor:	Mike Dacey
2nd marker:	Kemi Ademoye
Course:	BIT BusComp CIS CNetS CSE Electrical Games Mobile TRE SE <u>Web</u> (please circle)
Project Type:	Survey Review Experiment Development (please circle)

	Mark %
<u>First Marker's General Comments and Original Mark</u>	
	40
<u>Second Marker's General Comments and Original Mark</u>	
Although a very good introduction and review of relevant background information for the project has been provided, the student has not been able to complete the main research and development work required. As a result, limited results have been presented for discussion.	40.5
<u>Comment After Consultation With Other Marker & Final Agreed Mark</u>	
	40

	Survey	Review	Experiment	Development
1. Research-informed Literature				
Introduction	/5	/5	/5	3/5
Literature Review	/20	/35	/20	10.5/15
Comments: A very good introduction to the project with a good aim and set of objectives. Some interesting facts have been presented in the literature review, but you need to quote less to further demonstrate that you can critically analyse and draw conclusions from the background research.				
	Survey	Review	Experiment	Development
2. Knowledge and Understanding of Subject				
Methodology	/5	/5	/5	2.5/5
Survey Design	/15	-	-	-
Requirements/Design	-	-	-	1.5/5
Comments: Good consideration given to the research methodology, but there is no real discussion of the development approach for the project or how the data collected from the usability study is going to be analysed.				

	Survey	Review	Experiment	Development
3. Analysis				
Results & Discussions	/25	/25	/25	6/25
Conclusions and Recommendations	/10	/10	/10	2/10
Comments: Very limited results have been presented in the submitted work. The results from the initial study are quite brief and no testing has been carried out on the basic implementation to enable results to be gathered for the implemented project.				
	Survey	Review	Experiment	Development
4. Practical Application and Deployment				
Development	-	-	-	5/15
Experimental Design	-	-	/15	-
Comments: The implementation is basic for a final year project.				

	Survey	Review	Experiment	Development
5. Skills for Professional Practice				
Reflection	/10	/10	/10	4.5/10
Quality of Report	/10	/10	/10	5.5/10
Comments: The report is generally of a good standard, but the last three chapters require more detail. The reflection section is satisfactory, but please note that this section is for you to reflect on “your” academic experience of the project and what “you” learnt from it and how to do it better next time if you were given the opportunity and not the appropriate medium for you to express your frustrations with the project or your tutor.
