Module Name	ACCA7031
Marked By	Nitheesh Murugan Kaliyamurthy

Engagement with Literature Skills	15
Feedback	Marks
Proper in-text citations done. Could have added more summaries and critical appraisals. Rather than focusing on the process of digital forensics, could have discussed more about the tools, Key challenges in an elaborate way. More academic credible literatures could have been referred to the work.	10.2

Knowledge and Understanding Skills	15
Feedback	Mark
The discussion on current state of the field is widely distributed. Could have made a focused discussion. Insights on Job market could have been elaborately discussed. Planning to address important aspects/ concepts in the coursework is required. Coursework is not a Q&A type of approach. It needs very well planned approach. Few concepts were either widely addressed and few are not required. This could have saved more time and word counts in your work. Comprehensive understanding of tools documented. Team Formed as per the criteria. Appropriate Theme based scenario given. The description of the challenge is clear. Could have given more detailed description on the challenge posted. Roles and responsibilities well set Thorough understanding on the given scenario is exhibited. Key challenges identified and objectives well	12.5

Cognitive and Intellectual Skills	20
Feedback	Mark
More contribution on emerging trends and key challenges required. Open source tools compared well. Discussed the pros and cons. Could have discussed the suitability considering different scenarios while doing forensic analysis. As a team, articulated the analysis and the investigation within the drafted scenario. Well maintained Chain of Custody. Measures taken to maintain the integrity and admissibility of the evidence. However, need to be more careful while handling evidences. (Task 4 - evidence had issues that resulted in factory reset.) Data extraction done as per merits. Evidences identified. More elaborate discussion on the findings could have added value to the work.	14.2

Practical Application Skills	30
Feedback	Mark
Listed the collected data - Task 3. However, the data was not submitted. The process of acquiring data and setup evidences described/ documented well. Different types of files collected for Task 3. Well handled the conflicts and challenges. The group was very collaborative and communication was very good. Comprehensive analysis on the acquired hdd done. The documentation was discussed well. However, more detailed explanation could have added value. Appropriate tools used. However, could have used various other tools as well to support the evidences. Could have used more techniques to analyse the evidence.	23

Transferable Skills for Life and Professional Practice	20
Feedback	Mark
Well structured work. Presentation could have been more clear and concise. More highlight on individual contribution could have added value. Excellent team work and collaboration. Sensitive details like Credit Cards Numbers should be documented without displaying the contents	16.9

Overall Mark	77
