We'd like to inform you that we won't sell merch at our London show tonight:
The venue, O2 Forum Kentish Town is asking for a 25% cut on our merch sales
We could have raise-up the prices of our t-shirts and hoodies, but it doesn't seem fair to us to have our UK fans paying more than they should, especially because the venue is asking for a spectacular percentage for no particular reason.
We tried to negotiate with them, but they are not interested in helping us at all. For those of you who would like to purchase some merchandise online, our webshop will be updated with new designs after the tour. You can check our website www.igorrr.com for more infos. Thanks for your support.

Wow a Dad joke AND a @HotTopic joke already? It looks like The Future needs some new material, pronto! But I appreciate the effort Mr F & good luck in your match against...um...well whomever you face in the preshow. If u carry my bags in, I'll let u sit in the big boy lockeroom!

> Awwww so proud of you for figuring out how to use Twitter dad! How about you focus on your match with seabiscuit... maybe you can use the winners purse to buy another leather jacket at hot topic 😊 #Betterthanyou #talentovertenure

Sebastian Bach @sebastianbach · 7h
That's great is there a clip of you actually singing live? Because all I have seen are clips of you miming to a tape. Congrats on the radio hits and your hair is certainly looking good these days 👍

> Hi... I'm Chris "Milli Vanilli" Jericho. I have 5 top 30 singles in the last five years w my band @FOZZYROCK. I'm a huge fan of @sebastianbach ... who had 3 top 30 singles 30 years ago. I always admired him as a singer and a friend! And I still do. twitter.com/sebastianbach/...

Scene 1 Slowmo/BW

A man is lost in a sea of balls, running short of breath, screaming for help, but then he drowns, his body is dragged into the deep sea, we only see his fingers and in a second they're gone.

Scene 2

The man is underwater (underballs) but he sees a light and swims towards it. He sees the neck of a guitar and grabs onto it.

Scene 3 (Drowning person POV)

He holds onto the guitar neck and someone pulls him out, the colours come back, the band get closer to the man and the saviour guitarist says: "Yo dude, we thought we lost you!". He then strums his guitar loudly when the man tries to say "thank you" but here comes the luchador splashing from the third rope onto him and the balls go everywhere!

Scene 4 BW

Shot from above to reveal the action is happening in a ring, and the text comes up:

"Don't be lost.

You know where you belong

on the 25th of May.

Logo of Wrestlemelomania 2024 fades in"

<Partner Logos>

Scene 5 (optional) - extended cut

Montage of wrestlers and bands that will be performing with the words "12 hours of music, wrastling and other cool stuff" in between shots, partner logos, get your tickets now> link.
