Brief Description

We're looking for **high energy Pop tracks** for a variety of Sports TV placements.

For a chance at placement, **please only submit instrumentals** which would fit the **danceable, energetic** vibe of the references. Tracks should not be carbon copies but have a **similarly high production quality**.

Tracks should **also not fade out**, as the endings will be needed for many uses.

Please include all writer information and % splits in your tracks. You can also read our posts about **metadata** and **split sheets** to become a sync expert!

You have until **Thursday February 25th at 12 Noon UK time** to apply!
