Module Name	NCSE
Marked By	Nitheesh Murugan Kaliyamurthy

Engagement with Literature Skills	15
Feedback	Marks
More academic credible literature required. Most of the literatures referred to the work are online/ internet sources. Could have referred to more credible literatures, critically reviewed and summarised their work related to the coursework scenario. That could have improved the value of the work.	4

Knowledge and Understanding Skills	15
Feedback	Mark
Threats, Vuln and Attacks discussed. However, more in-depth description required. Could have detailed between threats, vulnerabilities and attacks. The depth of the research is not adequate. Very basic discussion on .rekt file format. Could have focussed on its operations, functions, recent attacks etc. Guideline stated. However there must be a clarity between User/ digital space usage guideline and security policy.	7.2

Cognitive and Intellectual Skills	20
Feedback	Mark
The discussion on possible security breaches were discussed based on the scenario stated. Key observations made. However, they need to be more precise and necessary evidences are lacking. .rekt format description, its methods, operations etc need to be discussed in detail. Organisation of ideas, evidences need improvement.	13

Practical Application Skills	40
Feedback	Mark
Packet Tracer Certificate documented Physical and Logical Topology documented. Implementation Done. IP Addressing done. Basic configurations need to be configured. Having a router in the network and no default gateway. - Need to improve the design. Wireless network configured. Could have troubleshooted issues in the basic connectivity.	29

Transferable Skills for Life and Professional Practice	10
Feedback	Mark
Flow of ideas in the report needs improvement.	6.6
Overall Mark	60
