Before we start

As there are quite a few of us here, please ensure that your microphone is muted during all teaching until you are asked a question or there is a group discussion to prevent background noise.

You should attend every class and have a private space to work so that you can concentrate fully on the lesson.

You should not be at work, shopping, driving or caring for children.

Your camera must be always on during lectures please. -Use the Teams university background to protect your privacy.

YOU must join via a laptop or PC/MAC –No attendance permitted on phones or tablets

You will be removed from the session and logged as absent if you fail to adhere to these criteria.

This and all sessions will be recorded so that you can watch it again

Why is this important?

- This is a Full Time University course and as such the University definitions of engagement and decorum apply as they would in a physical classroom.
- Your Cameras must remain 'On' for the duration of the session in order to ensure equal engagement and for your lecturers to observe your full attendance of the session which is a condition for student loans/maintenance to be authorised.
- You should be using a **desktop or laptop device** with a camera, speakers and a microphone so that you will be able to engage in the session on equal footing with your classmates.
- You will be asked to share your screen and "present" your work, access documents, engage in writing activities use websites and create presentations which are either difficult or impossible on a phone.

Get a laptop!

- Therefore, we ask you to purchase a laptop if you don't already own one, **by the end of Week 2**.
- Failure to do so within this time period will result in you being reported to the Level Lead in Week 3.
- The University offers bursaries that can provide a suitable device and/or contribute towards connectivity costs if you need some financial help with this.
